Re: Final-form Rulemaking: Water Quality Standard for Manganese and Implementation
(#7-553/ IRRC # 3260)

Dear Mr. Sumner:

On October 11, 2022, the Independent Regulatory Review Commission (Commission) disapproved the final-form rulemaking referred to as "Water Quality Standard for Manganese and Implementation" (#7-553). Under Section 7(a) of the Regulatory Review Act, an agency may withdraw a disapproved regulation from further consideration by the Commission. With this letter, the Environmental Quality Board is withdrawing this final-form regulation.

Please contact me by e-mail at laurgriffi@pa.gov or by telephone at 717.772.3277 if you have any questions.

Sincerely,
