(7) Briefly explain the regulation in clear and nontechnical language. (100 words or less)  <b>This proposed rulemaking is needed to update the Board's existing regulations on the subject of child abuse reporting to be consistent with amendments to the Child Protective Services Law (CPSL) (23 Pa.C.S. §§ 6301-6386), including the requirement imposed by the act of April 15, 2014 (P.L. 411, No. 31) (Act 31 of 2014) on all health-related boards to require training in child abuse recognition and reporting for licensees who are considered "mandated reporters" under the CPSL.</b>			
(8) State the statutory authority for the regulation. Include <u>specific</u> statutory citation.  <b>Section 6(2) of the Social Workers, Marriage and Family Therapists and Professional Counselors Act (act) (63 P.S. § 1906(2)) sets forth the Board's general rulemaking authority. Under sections 6301—6386 of 23 Pa.C.S. (relating to Child Protective Services Law), specifically, section 6383(b)(2) of the CPSL (relating to education and training), the Board is required to promulgate regulations to implement the mandatory reporting requirements for licensees of the Board.</b>			

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

**Yes, section 6383(b)(2) of the CPSL requires the Board to promulgate regulations to implement the mandatory reporting requirements for licensees of the Board.**

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

**Beginning in 2014, and continuing through 2019, the General Assembly has made numerous amendments to the CPSL, including the requirement imposed by Act 31 of 2014 on all health-related Boards to require licensees who are considered "mandated reporters" complete mandatory training in child abuse recognition and reporting. This proposed rulemaking is required to update the Board's existing regulations on the subject of child abuse reporting to be consistent with the numerous amendments made to the CPSL, and to incorporate the mandatory training requirements required by Act 31 of 2014, which the Board implemented as required at the beginning of 2015. All applicants and licensees will benefit by receiving mandatory training with regard to their responsibilities under the CPSL, and all Pennsylvania children will benefit from the increased protections provided by the amendments. Licensees will further benefit from regulations that are consistent with the CPSL, as amended, to avoid confusion as to their responsibilities in this area.**

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

**No. There are no federal standards on the topic.**

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

**This regulation will not adversely affect Pennsylvania's ability to compete with other states. All surrounding states also have regulations on reporting child abuse.**

**In Connecticut, in accordance with CT Statutes chapter 319a - Child Welfare, Sec. 17a-101, certain health-related professionals, including social workers, licensed marital and family therapists, and licensed professional counselors, are mandated to report suspected child abuse or neglect to the Department of Children and Families' Child Abuse and Neglect Careline or a law enforcement agency. Oral reports must be made within 12 hours of the moment the mandated reporter suspects that abuse or neglect has occurred, followed by a written report within 48 hours. Failure to meet reporting responsibilities may subject the mandated reporter to criminal prosecution and possible action against the individual's license. While training is not mandatory, free training is available to all mandated reporters.**

**In Delaware, under Title 16 Del. Code § 903, all persons are required to make an immediate report to the Department of Services for Children, Youth and their Families when they know of,**

or suspect, child abuse or neglect and to follow up with any required written reports. Delaware now accepts electronic reports at the Delaware Division of Family Services Reporter Portal, but can also accept oral reports to their telephone hotline. Mandatory reporter training is available through the Office of the Child Advocate. Individuals who fail to report child abuse or neglect may be liable to a civil penalty of not to exceed \$10,000 for a first offense, or not to exceed \$50,000 for subsequent violations. Licensees of the Delaware Board of Social Work Examiners may be subject to disciplinary action for failing to report child abuse or neglect. (Title 24 Del. Code § 3915). The Delaware Board of Mental Health and Chemical Dependency Professionals, which licenses marriage and family therapists and professional counselors, likewise, is authorized to discipline its licenses for failing to report child abuse or neglect. (Title 24 Del. Code § 3009).

In Maine, child abuse or neglect reports must be made immediately by telephone to the Department of Health and Human Service, Office of Child and Family Services' hotline. Under Title 22 of the Maine Revised Statutes § 4011-A, mandated reporters, including a guidance counselor, a social worker, a mental health professional, and even a chair of a professional licensing board that has jurisdiction over mandated reporters, must immediately make a report when that person knows or has reasonable cause to suspect that a child has been or is likely to be abused or neglected or that a suspicious child death has occurred. Both the Maine State Board of Social Worker Licensure and the Maine Board of Counseling Professionals Licensure may discipline a licensee for failure to report incidences of child abuse or neglect as mandated by state law. In Maine, mandated reporters shall complete mandated reporter training at least once every 4 years.

In Maryland, under MD Family § 5-701—5-715 (relating to child abuse and neglect) all health practitioners and human service workers are required to report both orally and in writing any suspected child abuse or neglect. Oral reports must be made immediately and written reports must be made within 48 hours of contact in which the disclosure of the suspected abuse or neglect was given. All reports of abuse must be made to the local departments of social services and the appropriate law enforcement agency. If a licensee knowingly fails to report suspected abuse of a child, they may be subject to professional sanctions by licensing boards. As of October 1, 2019, there are now criminal penalties for mandated reporters who knowingly fail to report child abuse. Under MD Criminal Code § 3-606.2, a mandated reporter having actual knowledge of abuse or neglect who knowingly fails to make a required report commits a misdemeanor and is subject to a fine not exceeding \$10,000 or imprisonment not exceeding 3 years, or both. Anyone making a good faith report is immune from civil liability and criminal penalty. While not required, mandated reporter training is available.

In Massachusetts, under Massachusetts General Law Annotated 119 § 51A, social workers, counselors and therapists are considered mandated reporters, and must report to the Department of Children and Families when they suspect that a child is being abused or neglected immediately by telephone to the DCF area office that services the city or town where the child lives or the Child-at-Risk Hotline. As a mandated reporter, it is also required by law to mail or fax a written report to the Department within 48 hours of making the oral report. Mandated reporters are required to report any physical or emotional injury resulting from abuse; any indication of neglect, including malnutrition; any instance in which a child is determined to be physically dependent upon an addictive drug at birth; any suspicion of child sexual exploitation or human trafficking; or death as a result of abuse or neglect. Failure to make required reports subjects the mandated reporter to fines up to \$1,000 for a first offense. A mandated reporter that willfully fails to report child abuse or neglect that results in serious bodily injury or death is subject to a

fine of up to \$ 5,000 and 2 ½ years in jail, and be reported to the person's professional licensing board. All mandated reporters who are professionally licensed are required to complete training to recognize and report child abuse and neglect. DCF has an online training video available for mandatory reporters.

In New Hampshire, under N. H. Rev. Stat. § 169-C:29, all therapists, counselors and social workers (among others) having reason to suspect that a child has been abused or neglected are required to report such to the Central Intake Unit of the New Hampshire Division for Children, Youth and Families. An oral report shall be made immediately by telephone or otherwise, and followed within 48 hours by a report in writing, if requested. Individuals who make a good faith report have immunity from civil and criminal liability; and privileged communications between a professional and their patient/client is does not apply and does not excuse the failure to report. Failure to report is a misdemeanor. Training on the reporting requirements is not required.

In New Jersey, under N.J.S.A 9:6-8.8—8:6-8.20 (relating to abused child—reports and protective custody) any person having reasonable cause to believe that a child has been subjected to abuse, including sexual abuse, shall report immediately to the State Central Registry's hotline. Individuals making reports of child abuse have immunity from civil or criminal liability. Any person who knowingly fails to report suspected abuse or neglect according to the law or to comply with provisions of the law is a "disorderly person." However, if the failure to report involves sexual abuse it is a crime of the fourth degree. The New Jersey Department of Children and Families offers an online Mandated Reporter Training resource.

In New York, under NY Soc Serv § 413, any social worker, licensed marriage and family therapist, licensed mental health counselor (among others) are required by law to report suspected abuse or maltreatment to the New York Statewide Central Register of Child Abuse and Maltreatment whenever they have reasonable cause to suspect that a child coming before them in their professional or occupational capacity is an abused or maltreated child. The law also assigns civil and criminal liability to those professionals who do not comply with their mandated reporter duties; including being criminally charged with a Class A misdemeanor, being subject to criminal penalties, and being sued in a civil court for monetary damages for any harm caused by the failure to report. Reasonable cause to suspect child abuse or maltreatment means that, based on one's observations, professional training and experience, a licensee believes the parent or person legally responsible for a child has harmed that child or placed that child in imminent danger or harm. In addition, New York requires individuals, when applying initially for licensure, to complete 2 hours of coursework or training in the identification and reporting of child abuse and maltreatment. This is a one-time requirement and once taken does not need to be completed again. The New York State Education Department, Office of the Professions oversees the training requirements for mandated reporters.

In Ohio, under Ohio R. C. § 2151.421, all health care professionals, including social workers, marriage and family therapists and professional counselors, are mandated to report if a child under the age of eighteen or a mentally retarded, developmentally disabled, or physically impaired person under the age of twenty-one has been abused or neglected. A licensee making a report shall make it to the Ohio Department of Job and Family Services hotline, or to the public children services agency or municipal or county peace officer in the county in which the child resides. The report must be made immediately by telephone or in person and must be followed by a written report if requested. Failure to report is generally a misdemeanor. There does not appear to be a mandatory training requirement in Ohio.

**In Virginia, under Title 63.2 of the Code of Virginia § 63.2-1509, any person employed as a social worker or family services specialist, and any mental health professional must report if they have reason to suspect a child is an abused or neglected child immediately to the local department of the county or city where the child resides, where the abuse or neglect is believed to have occurred, or to the Department of Social Service's toll-free child abuse and neglect hotline. A person making a good faith report is immune from criminal or civil liability. Any person required to file a report who fails to do so, shall be fined not more than \$500 for the first failure and for any subsequent failures not more than \$1,000 and may be charged with a Class 1 misdemeanor. Mandated reporter training on recognizing and reporting child abuse and neglect is available on the Virginia Department of Social Services website.**

**In West Virginia, under W.Va. Code § 49-2-801, any mental health professional is required to report suspected child abuse or neglect. When a licensee suspects that a child is being abused or neglected, or observes a child being subjected to conditions that are likely to result in abuse or neglect, or believes that a child has suffered serious physical abuse, sexual abuse or sexual assault, a report must be made to the Child Protective Services unit in the county office of the Department of Health and Human Resources where the licensee is located or the State Police or other law enforcement agency that has jurisdiction to investigate the report. The Department of Health and Human Resources maintains a 24-hour toll free reporting hotline. Reports must be made immediately by phone and followed up within 48 hours by a written report, if requested. Anyone making a good faith report is immune from civil or criminal liability. Failure to file a required report is a misdemeanor, punishable by imprisonment up to 90 days, a fine of up to \$5,000, or both. There does not appear to be a mandatory training requirement.**

**Based on these requirements from other states, in which licensees are universally required to report child abuse or neglect and therefore have a duty to be able to recognize and report suspected abuse to the appropriate authorities, the Board believes that this regulation will not place Pennsylvania at a competitive disadvantage.**

**(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.**

**No. The regulation does not affect any other regulations of the agency or other state agencies. However, there are 14 additional boards that will be promulgating similar regulations in the upcoming months (all health-related boards, and the State Board of Funeral Directors).**

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

The Board discusses all of its regulatory proposals at regularly scheduled public meetings of the Board. Representatives of the professional associations representing the regulated community routinely attend those meetings. The Board released an exposure draft of the proposed rulemaking to approximately 43 interested parties and stakeholders who have indicated an interest in the Board's regulatory agenda, including associations representing the three professions, including the Association of State Boards of Social Work, the Pennsylvania Society for Clinical Social Work, the Pennsylvania Association for Marriage and Family Therapy, the Pennsylvania Counseling Association, and the Pennsylvania Chapter of the National Association of Social Work; colleges and universities in the Commonwealth with social work, marriage and family therapy and professional counseling education programs, and other entities and individuals. The only comments received opined that this should be a one-time only requirement, and not be required every 2 years. However, it is a statutory requirement that the Board could not change in this proposed rulemaking.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

All licensees of the Board will be affected by the regulation, including those that are or work for small businesses. At the present time, there are approximately 25,195 licensees, including 8,585 licensed social workers, 6,951 licensed clinical social workers, 796 licensed marriage and family therapists and 8,863 licensed professional counselors. At this time, no licensed bachelor social worker licenses have been issued, but the Board has previously projected that approximately 10,000 applications could be expected. In addition, all applicants for a license issued by the Board would be affected by the mandatory training requirements set forth in the proposed regulation as required under section 6383(b)(3)(i) of the CPSL. The Board currently processes about 3,000 applications a year, but expects that number to increase, with at least an additional 1,000 applicants for bachelor social workers annually after the initial influx.

According to the Pennsylvania Department of Labor and Industry in 2016 (the most recent year for which data is available), social workers, marriage and family therapists and professional counselors provide their services for a variety of private and public sector employers. Excluding those who work for local, state and federal government and in elementary and secondary schools, licensees are employed in the following private sector positions: vocational/rehabilitation services; hospitals; offices of other health care practitioners; home health care services; child and youth services; services for the elderly and persons with disabilities; other individual and family services; residential mental health and substance abuse facilities; and residential intellectual and developmental disability facilities. Some are self-employed.

Small businesses are defined in Section 3 of the Regulatory Review Act, (71 P.S. § 745.3) which provides that a small business is defined by the SBA's Small Business Size Regulations under 13 CFR Ch. 1 Part 121. These size standards have been established for types of businesses under the North American Industry Classification System (NAICS). In applying the 2019 NAICS standards

to the types of businesses where licensees may work, a small business in the following categories is one that has \$12.0 million or less in average annual receipts: child and youth services (# 624110), services for the elderly and persons with disabilities (# 624120), other individual and family services (# 624190), emergency and other relief services (# 624230) and child day care services (# 624410), assisted living facilities for the elderly (# 623312) and other residential care facilities (# 623990). For those that work in offices of mental health practitioners (# 621330) and offices of all other miscellaneous health care practitioners (# 621399), the small business threshold is \$8.0 million or less in average annual receipts. For those licensees who are employed in outpatient mental health and substance abuse centers (# 621420) residential mental health and substance abuse facilities (# 623220), residential intellectual and developmental disability facilities (#623210), and home health care services (#621610), the small business threshold is \$16.5 million or less in average annual receipts. Finally, licensees employed in general medical and surgical hospitals (# 622110) or in psychiatric and substance abuse hospitals (# 622210) have a small business threshold of \$41.5 million or less in average annual receipts. Based on this variety of employers, the Board believes that most social workers, marriage and family therapists and professional counselors in Pennsylvania are employed in small businesses. The Board does not collect information on the size of the businesses where its licensees are employed. However, for purposes of determining the economic impact on small businesses, the Board must assume that a large number of its licensees either are or work for small businesses as that term is defined by the SBA and Pennsylvania's Regulatory Review Act.

Those licensees that are self-employed are likely small businesses that would be impacted by the costs associated with this proposed rulemaking. For those licensees who are employees of small businesses, whether these small businesses will be impacted by the regulations depends on whether the businesses would pay costs associated with obtaining the initial and continuing education relating to child abuse recognition and reporting for employees in these licensure categories. Because these costs are associated with individuals applying for initial licensure or licensure renewal, any business (small or otherwise) could avoid these costs by requiring employees to bear the costs associated with compliance.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

All licensees of the Board will be affected by the regulation. At the present time, there are approximately 25,195 licensees, including 8,585 licensed social workers, 6,951 licensed clinical social workers, 796 licensed marriage and family therapists and 8,863 licensed professional counselors. At this time, no licensed bachelor social worker licenses have been issued, but the Board has previously projected that approximately 10,000 applications could be expected. In addition, all applicants for a license issued by the Board would be affected by the mandatory training requirements set forth in the proposed regulation as required under section 6383(b)(3)(i) of the CPSL. The Board currently processes about 3,000 applications a year, but expects that number to increase, with at least an additional 1,000 applicants for bachelor social workers annually after the initial influx.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

**The Board does not anticipate any significant fiscal impact or paperwork requirements relating to the proposed rulemaking. Because licensees and certificate holders are already required to complete mandatory continuing education, and the 2 hours of continuing education in child abuse recognition and reporting are incorporated in the existing requirement, there would be no increased burden. Only applicants for licensure would incur an additional requirement, and because there are many low-cost and free options available to complete the training, the Board anticipates this impact to also be minimal, ranging in cost from \$0 to \$50 per course. Because all approved Act 31 training providers are required to report attendance/participation electronically, there are no additional paperwork requirements imposed on licensee holders. In addition, the implementation of an electronic reporting system for mandatory reporters of suspected child abuse under the CPSL by the Department of Human Services has decreased the paperwork requirements related to the mandatory reporting requirements. The regulation benefits all licensee holders, by providing clarity regarding the reporting obligations; and benefits all Pennsylvania children by the increased protections provided.**

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

**Because any costs or adverse effects are minimal, the benefits to the regulated community of clarity regarding their reporting obligations and the increased protections to Pennsylvania children far outweigh the costs.**

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**There should be no additional cost to the regulated community of existing licensees to comply with the updated regulations to complete the 2 hours of continuing education, as these are not new requirements. In fact, the new electronic reporting system will reduce any paperwork requirements. The only individuals who would incur additional costs are applicants for licensure who will need to complete 3 hours of approved training in child abuse recognition and reporting as a condition of licensure. However, because there are numerous low-cost and free options available, this cost is minimal. Additionally, as more and more schools are submitting their courses for approval, more and more applicants will have completed the required training as part of their professional education and will incur no additional costs. At the present time, the cost for the required training ranges from free to \$100 per course. So, at an average of 4,000 applications per year, the cost to applicants could range from \$0 to \$ 400,000 per year. For purposes of this rulemaking, the Board is assuming that most applicants would choose a free or low-cost option and estimates an average cost of no more than \$25 each or approximately \$100,000 per year.**

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

**There are no costs or savings to local governments associated with compliance with the rulemaking.**

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

**The costs to state government associated with implementation of the regulation include the costs associated with the electronic reporting system by which approved providers submit attendance/participation records to the Bureau and the administrative costs of assuring applicants have complied with the training requirements. The costs associated with the electronic reporting system included an initial system upgrade of \$35,000 incurred in fiscal year 2014-2015. Ongoing annual operating costs of approximately \$90,000 include the costs associated with reviewing application records to determine compliance, sending discrepancy letters, responding to inquiries, working with the IT consultant, managing the child abuse education resource account, approving new courses, etc. These costs are allocated to the 16 boards that are impacted by the training requirements based on licensee population.**

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

**There are no additional legal, accounting or consulting procedures or additional reporting, recordkeeping or other paperwork requirements required of the regulated community. The Bureau/Board has additional recordkeeping responsibilities in receiving, retaining, and retrieving electronic records of completed child abuse training for applicants and licensees.**

(22a) Are forms required for implementation of the regulation?

**No forms are required for implementation of this regulation, as completion of the required child abuse training is being reported electronically to the Bureau by the course provider.**

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here**. If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

**N/A**

(23) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

(24) For any regulation that may have an adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

**The regulation should have no adverse impact on small business. The new streamlined electronic system for making reports of suspected child abuse has decreased the paperwork requirement; and although licensees who are employees of small businesses now have to complete mandatory training in child abuse recognition and reporting, the law and regulations provide that this requirement is incorporated in the existing continuing education requirements, so there is no increased burden. Also, many approved courses are free or low cost. Additionally, employers can avoid any impact by requiring their employees to pay for their own licensure-related costs, including the costs associated with continuing education.**

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

**The Board has identified no special groups that needed special provisions. The CPSL applies equally to all mandated reporters.**

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

**No alternative regulatory provisions have been considered. The Board believes that these regulations provide the least burdensome means of complying with the CPSL.**

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performance standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the

regulation.

**Because there is no anticipated adverse impact on small business, a regulatory flexibility analysis was not conducted. No less stringent compliance or reporting requirements or less stringent schedules or deadlines for compliance for small businesses would be consistent with the goals of the CPSL. The new electronic reporting process established by the Department of Human Services simplifies the reporting process for all businesses. There are no design or operational standards in the regulation. Exempting small businesses or employees of small businesses from any of the requirements contained in the regulation would not be consistent with the intent of the CPSL.**

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

**No data is the basis for this regulation.**

(29) Include a schedule for review of the regulation including:

**NOTICE OF PROPOSED RULEMAKING**

**COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF STATE  
BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS  
STATE BOARD OF SOCIAL WORKERS, MARRIAGE AND FAMILY  
THERAPISTS AND PROFESSIONAL COUNSELORS**

**TITLE 49 PA CODE CHAPTERS 47, 48 and 49**

**§§ 47.12, 47.32, 47.51—47.59, 48.12, 48.32, 48.51—48.59,  
49.12, 49.32 and 49.51—49.59**

**CHILD ABUSE REPORTING REQUIREMENTS**

The State Board of Social Workers, Marriage and Family Therapists and Professional Counselors (Board) proposes to amend § 47.12, 47.32, 47.51—47.57, 48.12, 48.32, 48.51—48.57, 49.12, 49.32, and 49.51—49.57, and to add §§ 47.58, 47.59, 48.58, 48.59, 49.58 and 49.59 to read as set forth in Annex A.

*Effective date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

*Statutory authority*

Section 6(2) of the Social Workers, Marriage and Family Therapists and Professional Counselors Act (63 P.S. § 1906(2)) sets forth the Board's general rulemaking authority. Under sections 6301—6386 of 23 Pa.C.S. (relating to Child Protective Services Law) (CPSL), specifically section 6383(b)(2) of the CPSL (relating to education and training, the Board is required to promulgate regulations to implement the mandatory reporting requirements for licensees of the Board.

*Background and purpose*

Beginning in 2014, and continuing through 2019, the General Assembly has made numerous amendments to the CPSL, including the requirement imposed by the act of April 15, 2014 (P.L. 411, No. 31) (Act 31 of 2014) on all health-related boards to require training in child abuse recognition and reporting for licensees who are considered “mandated reporters” under the CPSL. Section 2 of Act 31 of 2014 provided that these training requirements would apply to all persons applying for a license, or applying for renewal of a license, on or after January 1, 2015, and were implemented as of that date. The proposed rulemaking is required to update the Board's existing regulations on the subject of child abuse reporting to be consistent with the CPSL.

*Description of the proposed amendments*

The Board proposes to amend §§ 47.12, 48.12 and 49.12 (relating to qualifications for licensure) to include the requirement that any applicant for licensure complete at least 3 hours of training in child abuse recognition and reporting as a condition of licensure as required by section 6383(b)(3)(i) of the CPSL. Similarly, the Board proposes to amend §§ 47.32, 48.32 and 49.32 (relating to requirement for biennial renewal) to set forth the requirement in section 6383(b)(3)(ii) of the CPSL that all licensees applying for biennial renewal complete at least 2 hours of continuing education in child abuse recognition and reporting as a condition of renewal.

The Board next proposes comprehensive amendments to the child abuse reporting requirements in Chapters 47, 48 and 49 to be consistent with the CPSL. The Board proposes to amend §§ 47.51, 48.51 and 49.51 (relating to definitions relating to child abuse reporting requirements) to update the definitions of terms used in the CPSL. Specifically, the Board finds it necessary to add definitions of “bodily injury,” “child,” “parent,” “program, activity or service” and “serious physical neglect” and to amend the definitions of “child abuse,” “perpetrator,”

“person responsible for the child’s welfare,” “recent acts or omissions” and “sexual abuse or exploitation” to comport with amendments made to the CPSL. The Board also proposes to add definitions for the terms “Bureau” and “mandated reporter” for ease of reference. All licensees of the Board are considered “mandated reporters” under the CPSL. Although section 6311(a)(12) of the CPSL (relating to persons required to report suspected child abuse) provides that “[a]n individual supervised or managed by a person” licensed or certified to practice in any health-related field under the jurisdiction of the Department of State who has direct contact with children in the course of employment is also considered a mandated reporter, this proposed rulemaking does not include those individuals because the Board does not otherwise regulate them and cannot enforce the requirements of the CPSL as to unlicensed persons. However, the Board reminds its licensees that individuals they supervise or manage who have direct contact with children in the course of their employment are considered mandated reporters and should be aware of the reporting requirements under the CPSL.

The Board also proposes to delete definitions for “individual residing in the same home as the child” and “serious physical injury” because these terms have been deleted from the CPSL. The Board proposes to amend, where necessary throughout this proposed rulemaking, “Department of Public Welfare” to “Department of Human Services,” as the name of that agency has changed.

The Board is proposing to amend §§ 47.52, 48.52 and 49.52 (relating to suspected child abuse—mandated reporting requirement) to provide the general rule that all licensees of the Board are considered mandated reporters, and to set forth the mandated reporting requirements in section 6311 of the CPSL and the reporting procedures in section 6313 of the CPSL (relating to reporting procedure).

The Board has also determined that it is necessary to propose to amend §§ 47.53, 48.53 and 49.53 (relating to photographs, medical tests and X-rays of child subject to report) by renaming these sections and amending them to delete medical tests and X-rays because licensees of the Board are not authorized to determine that medical tests and X-rays are “clinically indicated” as required by the CPSL, or to order such tests or X-rays. Because doing so would be beyond the scope of practice of a licensed bachelor social worker, licensed social worker, licensed clinical social worker, licensed marriage and family therapist or licensed professional counselor, the Board finds that these amendments will provide clarity to licensees as to the extent of their authority. In addition, amendments are being made to set forth the requirement to submit summaries or reports relating to photographs taken to the county children and youth social service agency within 48 hours of making an electronic report in accordance with section 6314 of the CPSL (relating to photographs, medical tests and X-rays of child subject to report).

The Board is proposing to amend §§ 47.54, 48.54 and 49.54 (relating to suspected death as a result of child abuse—mandated reporting requirement) to incorporate an amendment made to section 6317 of the CPSL (relating to mandatory reporting and postmortem investigation of death) to permit a report to be made to the appropriate coroner or medical examiner of the county where the death occurred, or of the county where the injuries were sustained. Further, the Board is proposing to amend §§ 47.55, 48.55 and 49.55 (relating to immunity from liability) to incorporate amendments made to section 6318 of the CPSL (relating to immunity from liability); and to amend

§§ 47.56, 48.56 and 49.56 (relating to confidentiality—waived) to incorporate the provisions of sections 6311.1 of the CPSL (relating to privileged communications) and 6313(e) of the CPSL, pertaining to the applicability of the Mental Health Procedures Act (50 P.S. §§ 7101—7503). Next, the Board proposes to amend §§ 47.57, 48.57 and 48.57 (relating to noncompliance) to update the criminal penalties for willful failure to make a report to conform to the increased criminal penalties in the amendments to section 6319 of the CPPSL (relating to penalties).

The Board proposes to add two new sections to each chapter (47, 48 and 49) pertaining to the mandatory training requirements in Act 31 of 2014. Proposed §§ 47.58, 48.58 and 49.58 (relating to child abuse recognition and reporting—mandatory training requirement) set forth the requirements in section 6383(b) of the CPSL that all individuals applying to the Board for an initial license are required to complete at least 3 hours of training in child abuse recognition and reporting which has been approved by the Department of Human Services and that all licensees seeking renewal of a license are required to complete at least 2 hours of continuing education in child abuse recognition and reporting as a requirement of renewal. The Board would also provide notice that these 2 or more hours of training would be accepted as a portion of the total continuing education required for biennial renewal, and not an additional requirement, as provided in section 6383(b)(3)(ii) of the CPSL. In addition, the Board would provide notice that it will not renew a license unless the Bureau has received an electronic report from an approved course provider documenting the attendance/participation by the licensee in an approved course or the licensee has obtained an exemption as permitted by the CPSL.

These sections would also include the process for applying for an exemption from the mandatory training requirements as set forth in section 6383(b)(4) and (6) of the CPSL, for individuals who have already completed similar training or should otherwise not be subject to the initial training or continuing education requirement. The Board notes that section 6383(b)(4)(ii)(B) of the CPSL provides an exemption for individuals who have already completed child abuse recognition training required by the Human Services Code (62 P.S. §§ 101—1503) (formerly known as the Public Welfare Code), and the training was approved by the Department of Human Services. However, the Department of Human Services has confirmed that there is no provision in the Human Services Code that requires this training. Instead, section 6383(c) of the CPSL sets forth the requirement that certain individuals and entities regulated by the Department of Human Services complete mandated reporter training. Therefore, the Board believes it is appropriate to include an exemption for a licensee who has already completed comparable training in child abuse recognition and reporting required by the Department of Human Services under section 6383(c). For example, if a licensee of the Board happened to be a foster parent and was, therefore, required to complete the training under section 6383(c), there would be no need to repeat the training as a condition of licensure or license renewal under section 6383(b). In addition, section 6383(b)(6) permits the Board to exempt a licensee from the training requirement “if the licensee submits documentation acceptable to the licensing board that the licensee should not be subject to the training or continuing education requirement.” The Board believes that this section also provides authority to the Board to determine that those licensees who are required to complete comparable training under section 6383(c) should be exempt from the training requirement under section 6383(b), provided they submit acceptable documentation to the Board evidencing completion of comparable training.

Finally, the Board proposes to add §§ 47.59. 48.59 and 49.59 (relating to child abuse recognition and reporting course approval process) to set forth the administrative process developed by the Bureau of Professional and Occupational Affairs (Bureau), in conjunction with the Department of Human Services, for individuals, entities and organizations to apply for approval to deliver the training required under Act 31 of 2014. The Bureau has incorporated a requirement that to be approved to provide the mandatory training in child abuse recognition and reporting, an applicant shall be able to report participation/attendance electronically to the Bureau. In this manner, the completion of the training is automatically imported into the applicant's or licensee's record with the Board at the time the course is completed. Then, prior to issuing or renewing a license, the system verifies that the training was completed as required. If no record exists, the applicant/licensee would be notified of the need to complete an approved course before the license can be issued or renewed.

#### *Fiscal Impact and Paperwork Requirements*

The Board does not anticipate any significant fiscal impact or paperwork requirements relating to these amendments. Because licensees are already required to complete mandatory continuing education, and these 2 hours in child abuse recognition and reporting are incorporated in the existing requirement, there would not be an increased burden. Only applicants for licensure would incur an additional requirement and, as there are many low-cost and free options available to complete the training, the Board anticipates this impact to also be minimal. Because all approved Act 31 training providers are required to report attendance/participation electronically, there are no additional paperwork requirements imposed on the regulated community. In addition, the implementation of an electronic reporting system for mandated reporters of child abuse under the CPSL by the Department of Human Services has decreased the paperwork requirements related to the mandatory reporting requirements.

#### *Sunset Date*

The Board continuously monitors the effectiveness of its regulations on a fiscal year and biennial basis. Therefore, a sunset date has not been assigned.

#### *Regulatory Review*

Under Section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on November 24, 2020, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 P.S. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review by the Board, the General Assembly, and the Governor of any comments,

recommendations or objections raised prior to final publication.

*Public Comment*

Interested persons are invited to submit written comments, suggestions, or objections regarding this proposed rulemaking to Regulatory Counsel, Department of State at P.O. Box 69523, Harrisburg, PA 17106-9523, or by e-mail to RA-STRegulatoryCounsel@pa.gov, within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. Additionally, under 23 Pa.C.S. § 6313(e) (relating to reporting procedure), notwithstanding any other provision of law to the contrary, a mandated reporter who makes a report of suspected child abuse does not violate the Mental Health Procedures Act (50 P.S. §§ 7101—7503) by releasing information necessary to complete the report.

**§ 47.57. Noncompliance.**

(4) A mandated reporter who, at the time of sentencing for an offense under 23 Pa.C.S. § 6319, has been convicted of a prior offense under § 6319, commits a felony of the third degree, except that if the child abuse constitutes a felony of the first degree or higher, the penalty for the second or subsequent offense is a felony of the second degree.

the photographs[, X-rays and relevant medical tests] taken shall be sent to the county children and youth social service agency at the time the written report is sent, or within 48 hours after an electronic report is made under § 48.52(c)(1)(ii) (relating to suspected child abuse—mandated reporting requirements), or as soon thereafter as possible. **§ 48.55. Immunity from liability.**

In accordance with 23 Pa.C.S. § 6311.1 (relating to privileged communications), privileged communications between a mandated reporter and a patient/client does not apply to a situation involving child abuse and does not relieve the mandated reporter of the duty to make a report of suspected child abuse. Additionally, under 23 Pa.C.S. § 6313(e) (relating to reporting procedure), notwithstanding any other provision of law to the contrary, a mandated reporter who makes a report of suspected child abuse does not violate the Mental Health Procedures Act (50 P.S. §§ 7101—7503) by releasing information necessary to complete the report.

(a) *Disciplinary action.* A licensed marriage and family therapist who willfully fails to comply with the reporting requirements in §§ 48.52—48.54 (relating to suspected child abuse—mandated reporting requirements; photographs[, medical tests and X-rays] of child subject to report; and suspected death as a result of child abuse—mandated reporting requirement) will be subject to disciplinary action under section 11 of the act (63 P. S. § 1911).

(b) *Criminal penalties.* Under 23 Pa.C.S. § 6319 (relating to penalties[ for failure to report]), a licensed marriage and family therapist who is required to report a case of suspected child abuse or to make a referral to the appropriate authorities and who willfully fails to do so commits [a summary offense for the first violation and a misdemeanor of the third degree for a second or subsequent violation.] a criminal offense, as follows:

(ii) The child abuse constitutes a felony of the first degree or higher.

(iii) The mandated reporter has direct knowledge of the nature of the abuse.

(4) A mandated reporter who, at the time of sentencing for an offense under 23 Pa.C.S. § 6319, has been convicted of a prior offense under § 6319, commits a felony of the third degree, except that if the child abuse constitutes a felony of the first degree or higher, the penalty for the second or subsequent offense is a felony of the second degree.

**§ 49.55. Immunity from liability.**

Under 23 Pa.C.S. § 6318 (relating to immunity from liability) a licensed professional counselor who participates in good faith in the making of a report of suspected child abuse, making a referral for general protective services, cooperating or consulting with an investigation including providing information to a child fatality or near fatality review team, testifying in a proceeding arising out of an instance of suspected child abuse or general protective services or [the taking of photographs] engaging in any action authorized under 23 Pa.C.S. §§ 6314—6317, shall have immunity from civil and criminal liability that might otherwise result by reason of the licensed professional counselor's actions. For the purpose of any civil or criminal proceeding, the good faith of the licensed professional counselor shall be presumed. The Board will uphold the same good faith presumption in any disciplinary proceeding that might result by reason of a licensed professional counselor's actions [in participating in good faith in the making of a report, cooperating with an

investigation, testifying in a proceeding arising out of an instance of suspected child abuse or the taking of photographs] under §§ 49.52—49.54 (relating to suspected child abuse—mandated reporting requirements; photographs[, medical tests and X-rays] of child subject to report; and suspected death as a result of child abuse—mandated reporting requirement).

**§ 49.56. Confidentiality—waived.**

To protect children from abuse, the reporting requirements of §§ 49.52—49.54 (relating to suspected child abuse—mandated reporting requirements; photographs[, medical tests and X-rays] of child subject to report; and suspected death as a result of child abuse—mandated reporting requirement) take precedence over the provisions of any client confidentiality, ethical principle or professional standard that might otherwise apply. In accordance with 23 Pa.C.S. § 6311.1 (relating to privileged communications), privileged communications between a mandated reporter and a patient/client does not apply to a situation involving child abuse and does not relieve the mandated reporter of the duty to make a report of suspected child abuse. Additionally, under 23 Pa.C.S. § 6313(e) (relating to reporting procedure), notwithstanding any other provision of law to the contrary, a mandated reporter who makes a report of suspected child abuse does not violate the Mental Health Procedures Act (50 P.S. §§ 7101—7503) by releasing information necessary to complete the report.

**§ 49.57. Noncompliance.**

(a) *Disciplinary action.* A licensed professional counselor who willfully fails to comply with the reporting requirements in §§ 49.52—49.54 (relating to suspected child abuse—mandated reporting requirements; photographs[, medical tests and X-rays] of child subject to report; and suspected death as a result of child abuse—mandated reporting requirement) will be subject to disciplinary action under section 11 of the act (63 P. S. § 1911).

(b) *Criminal penalties.* Under 23 Pa.C.S. § 6319 (relating to penalties [for failure to report]), a licensed professional counselor who is required to report a case of suspected child abuse or to make a referral to the appropriate authorities and who willfully fails to do so commits [a summary offense for the first violation and a misdemeanor of the third degree for a second or subsequent violation.] a criminal offense, as follows:

(1) An offense not otherwise specified in paragraphs (2), (3) or (4) is a misdemeanor of the second degree.

(2) An offense is a felony of the third degree if all of the following apply:

(i) The mandated reporter willfully fails to report.

(ii) The child abuse constitutes a felony of the first degree or higher.

(iii) The mandated reporter has direct knowledge of the nature of the abuse.

(3) If the willful failure to report continues while the mandated reporter knows or has reasonable cause to suspect a child is being subjected to child abuse by the same individual, or while the mandated reporter knows or has reasonable cause to suspect that the same individual continues to have direct contact with children through the individual's employment, program, activity or service, the mandated reporter commits a felony of the third degree, except that if the child abuse constitutes a felony of the first degree or higher, the mandated reporter commits a felony of the second degree.

(4) A mandated reporter who, at the time of sentencing for an offense under 23 Pa.C.S. § 6319, has been convicted of a prior offense under § 6319, commits a felony of the third degree, except that if the child abuse constitutes a felony of the first degree or higher, the penalty for the second or subsequent offense is a felony of the second degree.

**§ 49.58. Child abuse recognition and reporting—mandatory training requirement.**

(a) Except as provided in subsection (c), individuals applying to the Board for a license as a professional counselor shall complete, as a condition of licensure, at least 3 hours of training in child abuse recognition and reporting requirements which has been approved by the Department of Human Services.

(b) Except as provided in subsection (c), licensed professional counselors seeking renewal of a license issued by the Board shall complete, as a condition of biennial renewal of the license, at least 2 hours of approved continuing education in child abuse recognition and reporting as a portion of the total continuing education required for biennial renewal. For credit to be granted, the continuing education course or program must be approved by the Bureau, in consultation with the Department of Human Services, as set forth in § 49.59 (relating to child abuse recognition and reporting course approval process). The Board will not renew a license unless the Bureau has received an electronic report from an approved course provider documenting the attendance/participation by the licensee in an approved course or the licensee has obtained an exemption under subsection (c).

(c) An applicant or licensee may apply in writing for an exemption from the training/continuing education requirements set forth in subsections (a) and (b) provided the applicant or licensee meets one of the following:

(1) The applicant or licensee submits documentation demonstrating that:

(i) The applicant or licensee has already completed child abuse recognition training as required by section 1205.6 of the Public School Code of 1949 (24 P.S. § 12-1205.6).

(ii) The training was approved by the Department of Education in consultation with the Department of Human Services.

- (iii) The amount of training received equals or exceeds the amount of training or continuing education required under subsection (a) or (b), as applicable.
- (2) The applicant or licensee submits documentation demonstrating that:
  - (i) The applicant or licensee has already completed child abuse recognition training required by 23 Pa.C.S. § 6383(c) (relating to education and training).
  - (ii) The training was approved by the Department of Human Services.
  - (iii) The amount of training received equals or exceeds the amount of training or continuing education required under subsection (a) or (b), as applicable.
- (3) The applicant or licensee submits documentation demonstrating that the applicant or licensee should not be subject to the training or continuing education requirement. Each request for an exemption under this paragraph will be considered on a case-by-case basis.

**§ 49.59. Child abuse recognition and reporting course approval process.**

(a) An individual, entity or organization may apply for approval to provide mandated reporter training as required under 23 Pa.C.S. § 6383(b) by submitting the course materials set forth in subsection (b) simultaneously to the Department of Human Services (DOH), Office of Children, Youth and Families, and to the Bureau at the following addresses:
