Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: Safe Drinking Water PFAS MCL Rule (#7-569).

Commenter Information:

Lynnette Saunders
(odonata96@gmail.com)
3360 Masons Mill Road
Huntingdon Valley, PA 19006 US

Comments entered:

I applaud your move to set an MCL for some PFAS compounds. As you know, these substances pose significant health risks to humans and wildlife and do not break down in the environment but magnify up the food chain.
By setting low or even nondetectable MCLs for PFOA and PFOS you will be protecting the health of people in our commonwealth.
Thank you.
