(8) State the statutory authority for the regulation. Include specific statutory citation.

This proposed rulemaking is issued under the authority provided in section 203(d) of the Unemployment Compensation (UC) Law (43 P.S. § 763(d)), which authorizes the Board to adopt, amend or rescind rules of procedure related to appeals. Section 506 of the Administrative Code of 1929 (71 P.S. § 186) provides authority for the promulgation of rules and regulations for departmental administrative boards and stating: “[T]he several departmental administrative boards and commissions, are hereby empowered to prescribe rules and regulations, not inconsistent with law, for the government of their respective departments, boards, or commissions . . . [and] the distribution and performance of their business. . . .”

(9) Is the regulation mandated by any federal or state law or court order, or federal regulation? Are there any relevant state or federal court decisions? If yes, cite the specific law, case or regulation as well as, any deadlines for action.

These proposed amendments to the regulation are not mandated by any federal or state law, court order or federal regulation; however, the Board seeks to update the regulation to be consistent with prior amendments to the UC Law. This proposed rulemaking amends Chapter 101 to be consistent with section 504 of the UC Law, 43 P.S. § 824, as amended on November 3, 2016, by P.L. 1100, No. 144, and section 505 of the UC Law, 43 P.S. § 825, as amended June 20, 2011, by P.L. 16, No. 6. This proposed rulemaking is also responsive to the House Labor and Industry Committee’s request that IRRC review outdated regulations, including Chapter 101, asserting the Board never promulgated updated rules to comply with Act 6 of 2011.

(10) State why the regulation is needed. Explain the compelling public interest that justifies the regulation. Describe who will benefit from the regulation. Quantify the benefits as completely as possible and approximate the number of people who will benefit.

This proposed rulemaking is necessary to make Chapter 101 consistent with statutory amendments passed by the General Assembly in 2011 and 2016, as discussed above, and to better coordinate procedural requirements due to technological changes resulting from L&I’s implementation of the PA UC Claims System. Also, the current regulation has outdated terminology, requires updating to address existing and developing technology, and requires clarification to conform with current procedures. Lastly, there is significant public interest in easing the circumstances under which a worker’s or business’s request to participate in a hearing by remote means is permissible, and cost savings and improved efficiency by enabling the tribunal to schedule and conduct hearings on its own motion for participation by remote means in certain situations. There is no negative financial impact on the regulated community. To the contrary, there is potential for significant positive financial impact for all parties and their representatives to UC appeals resulting from the option to attend hearings remotely, the ability to communicate by electronic means, and the potential reduction in the number of further appeals and Board remand hearings. Any perceived adverse effect on the quality of hearings resulting from the increase in the use of remote hearings is mitigated by allowing any party, in most circumstances, to appear at a hearing in-person if the party so desires and is far outweighed by the positive financial impact for all parties and representatives to an appeal hearing. In 2023 and 2024, the Board decided over 100,000 appeals on claims for UC benefits and most involved a worker and an employer, some of which were represented by legal counsel or other representatives. All

parties and representatives, approximately 200,000 individuals per year, will benefit from these proposed amendments to the regulation.

(11) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulations.

No, none of these proposed amendments are more stringent than federal standards.

(12) How does this regulation compare with those of the other states? How will this affect Pennsylvania's ability to compete with other states?

This proposed rulemaking will enhance customer service through improved communications, circulation of notices and evidence, and accessibility to participate in hearings. These proposed amendments will not have any negative impact on parties to UC appeals in PA as compared to other states. Rather, it will amend PA regulations to utilize current technology and remove barriers to attending appeal hearings while mitigating any potential adverse impact on the expansion and quality of remote hearings as compared to in-person hearings.

To determine how some of PA's UC appeal processes and procedures compare with other states, the Board conducted a survey with other states in June 2023. The Board received responses from 27 states (including PA) and one territory (Virgin Islands), hereafter referred to as 28 states, and made the following observations:

1. PA is the only state among the 28 states that responded to indicate that it conducts all hearings in-person unless a remote hearing is requested and approved.
 - a. 25 states regularly held at least 95% of their hearings remotely.
 - b. PA had the lowest percentage of hearings held remotely at 19.5%.
 - c. 15 of the 28 states do not offer in-person hearings or only offer an in-person hearing for very limited exceptions such as to accommodate an individual with a disability. An additional 11 of the remaining 13 states conduct all hearings remotely unless an in-person hearing is requested and approved. One state conducts in-person hearings for fraud and separation issues.
 - d. Nine of the 28 states had begun the use of video hearings or have begun planning for the use of video hearings.
 - e. The amendments to Subchapter E in this proposed rulemaking expand the use of remote hearings by eliminating the current compelling reason requirement for a party to participate in a hearing by remote means, are responsive to a majority of stakeholder feedback, and improves the Board's participation requirements by providing parties a choice whether to appear at a hearing in-person or by remote means, with few exceptions. While parties will have the option to participate in a hearing remotely, the accessibility to an in-person hearing in PA will remain better than all other states in the survey.
2. The manner in which PA gathers evidence from the UC claims office for an appeal hearing is consistent with most other states.
 - a. PA is one of 25 states in which the UC claims office or the appeals office is responsible to gather the documents on which the UC claims office based their determination and to place the documents into the appeal record.

- b. In only three states, the documents are not entered into the appeal record by the UC claims office or the appeals office; the parties are required to provide all evidence to the appeals office.
 - c. The addition of a definition of “agency record” and “appeal record” to § 101.2 and amendments to §§ 101.81(d) and 101.130(d), in this proposed rulemaking will continue to require the UC Service Center to gather the evidence on which the determination of the UC claims office was based while clarifying the documents required for the appeal record. This will improve the contents of the appeal record as requested by both labor and business stakeholders.
- 3. In PA, the amount of time of advance notice of a hearing provided by the tribunal to parties is consistent with other states.
 - a. The amendment to §§ 101.85 and 101.105 in this proposed rulemaking improves the advance notice requirements that relate to in-person hearings as it increases the advance notice from 7 to 10 days. An increase to 14 days was requested by certain stakeholders and was considered by the Board; however, the increase was limited to 10 days because an increase to 14 days would affect the Board’s ability to meet federal timeliness performance standards. Although this proposed rulemaking did not increase the advance notice to 14 days, the Board is committed to its customer service and does provide at least 14 days advance notice of a hearing when possible and gives consideration to requests for postponement where a party does not receive a hearing notice with sufficient advance notice to retain counsel or otherwise prepare for a hearing.
 - b. This proposed rulemaking does not change the time requirement for the tribunal’s advance notice of a hearing with participation by remote means. The regulation will continue to require the tribunal to issue hearing notices at least 14 days in advance of a remote hearing.
- 4. PA is one of the 22 states that regularly provide evidence in the appeal record to the parties by USPS mail or by electronic delivery prior to the conduct of a hearing at which a party is participating remotely.
 - a. Six of 28 states require parties to view the evidence online, to request delivery of evidence, or to submit all evidence to the tribunal, and/or exchange all evidence with the opposing party.
 - b. This proposed rulemaking improves the circulation of evidence as it updates §§ 101.130(a) and 101.130(d) of the regulation to specifically allow electronic delivery of the hearing notice and evidence in addition to USPS delivery, thereby using functionality of the PA UC Claims System as requested by stakeholders.
- 5. PA is currently among six of 28 states in which the appeals adjudicator issues a decision based on the merits of the case on all issues of law under appeal in cases where the appellant does not appear for the hearing.
 - a. In 22 states, when the appellant does not appear for a hearing, the appeal is generally dismissed or otherwise disposed with an order.
 - b. The amendment to § 101.51(a) of this proposed rulemaking places PA with the large majority of states which allow for the dismissal of an appeal in cases where the appellant does not appear and improves the process by relieving the respondent of the burden to present their testimony and evidence in a case in which they previously prevailed and are not aggrieved, with few exceptions. This change was requested by both labor and business stakeholders.

6. In addition to the survey results, the Board reviewed regulations of some other states and prepared proposed amendments which are comparable or derived from those states' regulations. For example:
- The language for the definition of "agency record" and the definition of "electronically stored records," as used in § 101.2, were derived from Maryland regulation.
 - The addition of a provision for decorum at a hearing in § 101.21 was derived from Massachusetts, New Hampshire, and Georgia regulations.
 - The dismissal of an appeal for appellate non-appearance and amount of the time period of ten minutes for the failure of a party to appear for a hearing, or absence of a party during the proceeding as used in §§ 101.51 and 101.131(j)(3), were derived from Maryland regulation.
 - The self-authentication of UC Service Center records as used in §101.54 was derived from Maryland regulation.
 - The inclusion of regulation for post-decision changes, as used in §§ 101.91 and 101.113, was derived from Wisconsin regulation.

(13) Will the regulation affect any other regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

These proposed amendments to Chapter 101 will not affect other existing or proposed regulations of the promulgating agency or other state agencies.

(14) Describe the communications with and solicitation of input from the public, any advisory council/group, small businesses and groups representing small businesses in the development and drafting of the regulation. List the specific persons and/or groups who were involved. ("Small business" is defined in Section 3 of the Regulatory Review Act, Act 76 of 2012.)

The Unemployment Compensation Advisory Council (Advisory Council) was convened in May 2022 under section 204.1 of the UC Law. As required by section 204.1, the Advisory Council consisted of 19 members and included designees from the majority and minority chairs of the PA House of Representatives and Senate, as well as other stakeholders from both labor and business organizations. Department of Labor and Industry Executive Deputy Secretary William Trusky served as chairman. The Board informed the Advisory Council that it had initiated a proposal to amend its regulations. At its meeting on November 17, 2022, the Advisory Council suggested that the Board continue to prepare a proposal to amend its regulations.

The Board engaged in a comprehensive effort to solicit verbal and written comments from a cross-section of interested stakeholders both before and after preparing a draft of the proposal to amend Chapter 101, as indicated below.

On January 3, 2023, the Board conducted outreach to the 19 members of the Advisory Council, 10 additional stakeholders balanced among labor and business organizations, and a representative from the disability advocacy community, to provide written comments for the Board to consider during the development of a proposal to amend. Comments were due by February 1, 2023. A written response was received from the following 12 stakeholders:

On February 24, 2023, the Board conducted an in-person roundtable session with Julia Simon-Mishel of Philadelphia Legal Assistance, Sharon Dietrich of Community Legal Services, Geoffrey Moomaw of Interstate Tax Services Inc., and Ed Dunn and Jim Dunn of Dunn Corporation, to facilitate a solution-based discussion from the labor and business perspectives regarding amendments to Chapter 101.

Subsequently, the Board held listening sessions at several locations throughout the state to receive additional comments from labor and business stakeholders regarding amendments to Chapter 101. The Board invited approximately 1300 stakeholders from: (1) Members of the Advisory Council, (2) claimant attorneys and union representatives who attended four or more hearings since June 2021, and (3) employer attorneys and tax consultants who attended four or more hearings since June 2021, (4) labor attorneys from a list provided by Philadelphia Legal Assistance, and (5) UC tax consultants from list provided by Office of UC Tax Services. The Board conducted the listening sessions from June 2023 to August 2023, as follows:

- Each of the approximately 1300 stakeholders were sent an email invitation to attend a listening session at one of six locations, Scranton, Allentown, Harrisburg, Erie, Pittsburgh or Philadelphia.
- The Board received responses from 148 stakeholders to register for a listening session.
- Due to the low response for the Erie listening session and additional requests for a virtual session, the Erie stakeholders and other stakeholders who requested a virtual session were invited to a virtual session.
- A total of 58 stakeholders attended at least one listening session, including independent hearing representatives, representatives from Pennsylvania State Education Association, United Steel Workers, Philadelphia Legal Assistance, North Penn Legal Services, Legal Aid of Southeastern PA, Mon Valley Unemployed Committee, Interstate Tax Service, Dunn Corporation, and the PA Senate.
- Following the listening sessions, the Board invited stakeholders to submit written comments via email on or before August 10, 2023.
- The Board received 36 emails providing comments from stakeholders, including the business community and claimant representatives.
- The Board also held virtual listening sessions with internal stakeholders, including union stewards from AFSCME and SEIU 668, a staff attorney from SEIU 668, and senior employees from each UC referee office in the job classifications of UC Appeals Referee, Clerical Supervisor and Clerical Assistant. The Board advised referees and clerical workers to discuss

the session with colleagues and to provide any written comments on or before September 5, 2023.

- Two Appeals Referees provided written comments.

The Board also consulted L&I's Office of UC Service Centers and Office of UC Benefits Policy to ensure implementation of the regulation was feasible, and L&I's Bureau of Workers Compensation regarding hearing practices and procedures.

The Board prepared a proposal to amend Chapter 101, and on January 26, 2024, the Board emailed a courtesy draft of the proposal to 70 stakeholders who attended a listening session or who provided written comments and to AFSCME and SEIU 668 labor union representatives, with an opportunity for written comments due on February 26, 2024. L&I's legislative director also emailed the courtesy draft to the executive directors of the Labor and Industry Committee of the Senate and to the executive directors of the Labor and Industry Committee of the House of Representatives and provided the same opportunity for comment with a due date of February 26, 2024.

The Board received comments on the courtesy draft from the following:

The Board reviewed and considered the comments during the process to finalize this proposed rulemaking and revised this proposed rulemaking where appropriate.

(15) Identify the types and number of persons, businesses, small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012) and organizations which will be affected by the regulation. How are they affected?

All parties and representatives to a UC appeal will be required to comply with the amended regulation. While the number of appeals will vary each year, in 2023 and 2024, approximately 100,000 unemployed workers, including workers with disabilities and language barriers, and 100,000 businesses, including small businesses, who were parties to an appeal would have been affected by these proposed amendments to the regulation.

This proposed rulemaking will have a positive impact on those individuals affected by the regulation. These workers and businesses, as well as their legal and non-legal representatives, will experience improvements in service from the Board. For example, these proposed amendments clarify the content of notices and records and improve the delivery of these notices and records by adding electronic transmission while maintaining USPS delivery of paper copies as an option for those individuals that lack internet or technological knowledge or who simply prefer USPS mail and/or hard

copies of documents. These proposed amendments also clarify, add or increase time periods to provide additional advance notice and flexibility to the parties and their representatives. Also, changes are made to reduce identity theft for workers and fraud in the UC appeal process.

The proposed amendments that have the most impact are those that expand the use of remote hearings. The expansion involves three main elements: (1) the authority for the tribunal to schedule remote hearings on its own motion in limited circumstances, (2) removal of the requirement for a party to have a compelling reason for approval of its request to participate in a hearing remotely, and (3) the addition of the use of video to enhance remote hearings.

This proposed rulemaking expands the Board's authority to schedule remote hearings on its own motion when situations arise that may affect the health and safety of the tribunal or the participants, and to provide a timely hearing when a compelling workload or staffing situation exists in a referee office that would unduly delay an in-person hearing in that referee office. These proposed amendments will provide an immediate improvement in customer service by allowing the Board to address a backlog of appeals in certain referee offices by distributing work from these referee offices to be held as telephone hearings in offices with a lower workload, subject to objection by any party.

This proposed rulemaking regularly provides parties and representatives the choice to participate in a hearing in-person or by remote means, with few exceptions. The option to appear at a hearing by remote means was overwhelmingly requested and supported by businesses, including small businesses, nursing and healthcare organizations, educational institutions and by some legal service organizations who represent claimants from both metropolitan and rural areas. The expansion of remote hearings will benefit both the worker and business community due to time and travel cost savings, and reduced health and safety risks for the parties. For workers, these proposed amendments will help alleviate child and parental care and employment conflicts to attend hearings. For businesses, especially small businesses and businesses with mandatory staff to client ratios, the expansion of remote hearings will mitigate any adverse effect on staffing and operations to attend an appeal hearing. For individuals with disabilities that affect their ability to travel, the increased availability of remote hearings will eliminate any obstacles or hardships for transportation to a hearing. While the expansion of remote hearings raises certain concerns from some claimant representatives in Philadelphia and Pittsburgh, the Board prepared proposed amendments to mitigate these concerns. Importantly, these proposed amendments provide any party, with few exceptions, the option to appear at a hearing in person if the party so chooses. These proposed amendments also provide (1) the opportunity to object to a remote hearing, and (2) the tribunal discretion to require both parties to appear in person for complex hearings or when needed to ensure a fair hearing. These proposed amendments provide safeguards for individuals with disabilities and individuals with language barriers by requiring both parties to appear in person if any party or witness will be prevented from effectively participating in the hearing if others are allowed to participate by remote means.

This proposed rulemaking also allows for hearings to be held by video conference or other comparable two-way communication technology. The use of video technology in business as well as personal communications has become more mainstream since the beginning of the pandemic in 2020 and the accessibility and familiarity with the use of video conference will continue to evolve. PA courts, and other boards and commissions within the Commonwealth are successfully holding hearings by video conference. The Board anticipates that video conference hearings will become a critical component of its hearings in the future, that they will ultimately enhance the quality of remote hearings, and that they will become the preferred method of remote hearings over the use of telephone hearings. The addition of video conference to remote hearings has also resulted in certain concerns

from some claimant representatives in Philadelphia and Pittsburgh based on the accessibility of broadband internet and equipment, and the limited technological knowledge of some claimants. However, to mitigate this concern, these proposed amendments allow parties and other participants to retain the choice to appear at the hearing in person if they are unable to effectively participate by remote means.

While this proposed rulemaking will become effective upon publication of the final-form regulation in the PA Bulletin, the Board will delay the use of video conference for hearings until after the supportive systems and processes have been developed, and the Board determines it can proceed with remote hearings enhanced by video without prejudice to any party. The PA UC Claims System used by the tribunal to schedule hearings does not currently have the functionality to receive requests for participation in a hearing by video conference or for the tribunal to schedule hearings to be held by video conference. The enhancement of the computer system, forms and other communications, and the process for the use of video conference, may not be immediate; however, the Board considers it important that video conference technology be allowed in this proposed rulemaking as a means for remote hearings as well as other comparable two-way communication technology that may be developed in the future to allow the Board to responsibly invest its resources into such endeavors. The Board is pursuing the passage of the enabling regulation and thereafter plans to invest its resources to develop the system and process, and to implement the use of video hearings in cases and in a manner where there will be no prejudice to either party.

(16) List the persons, groups or entities, including small businesses, that will be required to comply with the regulation. Approximate the number that will be required to comply.

UC claimants and their former employers will be required to comply with the regulation if either party appeals the UC Service Center's initial determination of eligibility or ineligibility. The number of UC claimants and employers affected will vary based on the rate of unemployment each year. For example, in 2024, a party (either the claimant or the employer) filed an appeal of the initial determination of eligibility or ineligibility in approximately 100,000 claims for UC benefits. Most of these appeals involved businesses, including small businesses, and some involved attorneys, tax consultants, or other representatives.

(17) Identify the financial, economic and social impact of the regulation on individuals, small businesses, businesses and labor communities and other public and private organizations. Evaluate the benefits expected as a result of the regulation.

This proposed rulemaking will have significant impact on UC claimants, employers, legal counsel, and non-attorney representatives involved in the appeal process, as well as on the Board as it administers the appeal process. UC claimants, employers, and their representatives will see a substantial positive financial impact in cost savings through the increase in participation in appeal hearings by remote means. The tribunal will also see cost savings through the increased use of remote hearings and the reduction of remand hearings. This proposed rulemaking will have a positive social impact as these proposed amendments provide consideration for issues and circumstances related to child and parental care, gender, disability, language barriers, identity and privacy of records, and accessibility and ability to use technology. In addition, this proposed rulemaking provides the potential for economic impact as it thoughtfully enables PA to continue to place among the leading states in the administration of the UC appeals program and helps to make PA a better place to live and conduct business.

The proposed amendments to Subchapter E, Remote Hearings will have the most impact of the amendments in this proposed rulemaking. As indicated in question 15, the proposed amendments to Subchapter E allow parties and their representatives the choice to participate in a UC hearing in person or by remote means, with few exceptions. The option to appear at a hearing by remote means was overwhelmingly requested and supported by the business community and also by some legal representatives of the worker community. Reasons noted by these stakeholders included saving the time and travel expense to attend hearings in person and avoiding recent increased health and safety risks of an in-person hearing. Remote participation at a hearing benefits workers who have begun new employment at the time of the hearing and who have childcare conflicts. Remote participation also benefits businesses, especially small businesses, who are juggling staffing and operational needs while also participating in a hearing which can affect their UC tax rate and charges. These proposed amendments also improve accessibility, customer service, and the quality of remote hearings. By providing relief to these financial and social matters for employers and workers, the proposed amendments to Subchapter E may help to attract and retain business and workers which will benefit PA's economy.

Other positive financial and social impacts from this proposed rulemaking include (1) enhanced communications through electronic delivery of filings and notices to reduce mailings costs for all parties and the Board, (2) cost savings from a reduction of further appeals and remand hearings, (3) assistance to workers and businesses, including individuals with mental or technological challenges, by accepting appeals filed by additional methods or appeals of multiple determinations, (4) providing additional time for arriving, connecting, or reconnecting to a hearing, and resources for instructions and guidance on attending appeal hearings, (5) reducing identity theft and fraud and preventing circulation or rebroadcasting of any audio or video portion of an appeal hearing, and (6) the use of gender neutral language.

(18) Explain how the benefits of the regulation outweigh any cost and adverse effects.

As indicated in items 10, 15 and 17 above, there is substantial positive impact and cost savings to workers, businesses, legal counsel, and other representatives. As indicated in item 19, there is no cost to the regulated community, and there is a potential for cost savings if the regulated community becomes a party to a UC appeal hearing. As indicated in item 14, the Board conducted substantial stakeholder outreach, and this proposed rulemaking is responsive to the large majority of stakeholder feedback. The concerns raised by a few stakeholders from the worker community are mitigated in this proposed rulemaking and can be addressed with additional training. The Board will also see cost savings by (1) redistributing appeals to referees in other offices to hold remote hearings in certain situations, (2) reducing the number of postponed and rescheduled hearings, and (3) reducing the number of further appeals and remand hearings. The Board will have a potential financial cost to supply referee offices and hearing sites with video conference equipment when it broadens the conduct of remote hearings to include video conference or other comparable two-way communications. The Board will evaluate the type, amount, and cost of equipment necessary to implement video hearings prior to such a change. However, the addition of video hearings will have benefits that will outweigh the financial cost to the Board. Moreover, an in-person hearing remains available to parties and their representatives, so the addition of video hearings presents little or no negative impact to parties and representatives who desire to participate in person.

In summary, this proposed rulemaking results in no adverse effect on the regulated community. No costs are expected for the regulated community, local governments or state agencies other than the Board. There is substantial positive financial impact to stakeholders as well as positive social and economic impact. The Board will experience increased efficiency in its operations, improvement in the timeliness of hearings, and cost savings through reduced time and travel costs. Therefore, the benefits of this proposed rulemaking will substantially outweigh any cost.

(19) Provide a specific estimate of the costs and/or savings to the **regulated community** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

There is no cost to the regulated community as a result of this proposed rulemaking to participate in the appeal process, and the regulated community has a choice whether to utilize the opportunities provided in this proposed rulemaking for cost savings or to maintain status quo. The regulated community will see substantial cost savings, although the Board is not able to estimate the specific amount of cost savings as the potential savings are not within the control of the Board and cannot be calculated from existing Board data. Regarding the expansion of remote hearings, stakeholder feedback and common knowledge indicate that parties and their representatives will see substantial savings. The exact amount of savings is dependent on external factors, e.g., whether the party elects to participate by remote means, the travel time and travel distance to the hearing site, whether public or private transportation is available, the number of participants, including witnesses, and whether any participant requires child or parental care to attend in person (thus saving those costs if they participate by remote means). Moreover, parties and their representatives will see savings resulting from increased use of electronic correspondence, although the Board cannot estimate exactly how much parties will save in this circumstance. Savings resulting from improved hearing attendance and a reduction in remand hearings can also not be determined.

(20) Provide a specific estimate of the costs and/or savings to the **local governments** associated with compliance, including any legal, accounting or consulting procedures which may be required. Explain how the dollar estimates were derived.

This proposed rulemaking will have no direct impact on local governments and will not result in an increase of costs to a local government. However, to the extent that local government, including a public school district, is the employer involved in an appeal of a current or former employee's UC claim, the regulation provides the opportunity to reduce the time and travel costs of attending an appeal hearing, although the cost savings will vary depending on factors such as the number of witnesses, the presence of legal counsel, and the amount of travel time. The regulation also provides local government the opportunity to reduce paper and postage costs if it chooses to use electronic communication for appeal filings and requests.

(21) Provide a specific estimate of the costs and/or savings to the **state government** associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required. Explain how the dollar estimates were derived.

With the exception of the Board, this proposed rulemaking will have no direct impact on state government and will not result in an increase of costs to the state government. The definition of "agency record" in § 101.2 requires the UC Service Center to provide certain documents to the tribunal to be included in the appeal record; however, the current procedure already requires these documents to be provided. As such, there should be no impact on the UC Service Center. This proposed rulemaking does not otherwise directly impact the operations of any state government agency.

However, if a state government agency is an employer and becomes a party to an appeal of an UC claim of a current or former employee or is required to appear at a hearing as a witness, the regulation will reduce the time and travel costs of attending an appeal hearing. The cost savings will vary depending on the number of witnesses, the presence of legal counsel, and the amount of travel time. The regulation also provides state government the opportunity to reduce paper and postage costs if it chooses to use electronic communication for appeal filings and requests.

The Board will see increased efficiency and cost savings. The amendment allowing the redistribution of appeals to other referee offices in certain situations will save the administrative costs that would otherwise be incurred. The Board will also save administrative costs through the reduction in postponed, rescheduled and remand hearings. These administrative cost savings are dependent on unpredictable factors such as rapid regional fluctuations in workload and staffing that require immediate response or other external factors which cannot be measured or projected from existing Board data. Therefore, the Board is unable to quantify the potential administrative cost and time savings.

The Board will have future costs to supply referee offices and hearing sites with video conference equipment and to modify the PA UC Claims System to schedule and conduct video conference hearings. The Board may also have separate financial costs to acquire software or obtain a service to initiate conference calls for all remote hearings and to record video conference hearings. The cost to the Board for the equipment to conduct video hearings will ultimately depend on the system and process for conducting video hearings selected by the Board, consistent with Department guidelines, at the time of implementation and on monitoring of the quality of video hearings during the implementation of video hearings. The Board estimates the cost of equipment will range from

\$80,000 to \$275,000. If the Board is required to acquire any additional service from a vendor to use for conference calls and/or video hearings, the cost will likely depend on the Commonwealth's bidding process for contracts with vendors. Therefore, this cost cannot be quantified at this time.

A significant portion of this proposed rulemaking concerns procedural issues, such as the methods of communication, time requirements for submissions, and processes for the tribunal. Some of the procedural provisions of this proposed rulemaking codify current practices. These procedural requirements do not affect eligibility issues, and it is not anticipated these provisions will result in an increase or decrease in benefit payments. For these reasons, the proposed procedural amendments will not involve costs or savings for the UC Fund.

(22) For each of the groups and entities identified in items (19)-(21) above, submit a statement of legal, accounting or consulting procedures and additional reporting, recordkeeping or other paperwork, including copies of forms or reports, which will be required for implementation of the regulation and an explanation of measures which have been taken to minimize these requirements.

This proposed rulemaking will not change, or impose new, reporting, record keeping or paperwork requirements on claimants or employers. However, existing electronic UC appeal reports may be amended to acquire data to monitor and report on the usage and effectiveness of the changes to the Board's processes and procedures in this proposed rulemaking.

(22a) Are forms required for implementation of the regulation?

No new forms are required; however, this proposed rulemaking will require minor revisions to existing forms and to the Board's web site. These minor revisions will address the method to request a remote hearing, objecting to a remote hearing, submitting evidence for a remote hearing, subpoenaing witnesses for a remote hearing, and obtaining assistance for a remote hearing. The Board will implement the use of conference calls for parties to join hearings and the use of video hearings at a later date after the process and system are developed, so the Board has not yet developed revisions to forms for these aspects.

(22b) If forms are required for implementation of the regulation, **attach copies of the forms here**. If your agency uses electronic forms, provide links to each form or a detailed description of the information required to be reported. **Failure to attach forms, provide links, or provide a detailed description of the information to be reported will constitute a faulty delivery of the regulation.**

The Board uses all electronic forms. New electronic forms are not yet available. The Board will revise the electronic forms as specified below. The current version of each form is attached.

(24) For any regulation that may have an adverse impact on small businesses (as defined in section 3 of the Regulatory Review Act, Act 76 of 2012), provide an economic impact statement that includes the following:

- (a) An identification and estimate of the number of small businesses subject to the regulation.
- (b) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed regulation, including the type of professional skills necessary for preparation of the report or record.
- (c) A statement of probable effect on impacted small businesses.
- (d) A description of any less intrusive or less costly alternative methods of achieving the purpose of the proposed regulation.

The amendments in this proposed rulemaking will not result in an adverse impact on small business. To the contrary, this proposed rulemaking will have a significant positive impact on small businesses through cost savings for increased participation in hearings by remote means.

(25) List any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, the elderly, small businesses, and farmers.

These proposed amendments will help all claimants and employers involved UC appeals, especially smaller businesses and affected persons with limited financial resources, by providing less costly electronic methods to make submissions and correspondence with the tribunal, lengthening time periods for submissions, and most importantly, by allowing parties to a hearing to participate remotely if that party so chooses.

The option to appear at a hearing by remote means was overwhelmingly requested and supported by the business community, including non-profit and educational institutions that serve affected groups and persons, and also by some legal counsel in the worker community that serve affected persons. These stakeholders noted the time and travel cost savings to attend hearings, the ability to serve more clientele, and reduced health and safety risks. The option to appear at a hearing remotely is especially beneficial to individuals with disabilities and limited financial resources which make it difficult to travel to hearings and to those individuals with child or elderly care needs. The option to appear at a hearing remotely is a tremendous benefit to small businesses who are trying to juggle staffing and operations while also participating in a hearing which can significantly affect their UC tax rate and charges. While this proposed rulemaking expands the use of technology in the appeal process, it was developed with consideration to minorities that may have language barriers and to claimants and small businesses who may have challenges with knowledge of the use of technology or lack equipment, access to high-speed internet and other resources to participate in remote hearings.

Please refer to §§ 101.128 and 101.130(a)(3.2) and other specific provisions of Subchapter E.

(26) Include a description of any alternative regulatory provisions which have been considered and rejected and a statement that the least burdensome acceptable alternative has been selected.

This proposed rulemaking was prepared to eliminate and amend provisions that are currently burdensome to the regulated community. Any alternative regulatory scheme considered would not have been less burdensome for the regulated community. However, a provision was considered that would have created efficiency and reduced an obstacle on the Board to administer the appeals program. Section 101.128(c) was initially written to state:

“For hearings at which one party is permitted to testify by remote means, the tribunal may schedule all parties and witnesses to testify by remote means after a reasonable attempt has been made to notify the parties the hearing will be scheduled for all parties to appear by remote means, inform the parties of their right to object to participation by remote means and how to request an in-person hearing.”

The Board and SEIU (union for appeals referees) share a concern that a significant increase in hearings where one party appears by remote means and one party appears in-person, referred to as “hybrid hearings,” may be time-consuming for the referee office staff to schedule and may present certain challenges for the referee to conduct. The above provision would have provided specific authority to the tribunal to schedule both parties by remote means when one party requested to appear by remote means while providing safeguards to parties who desire to appear in person at the hearing, thus reducing the number of hybrid hearings when neither party opposes a remote hearing. However, the Board removed this provision from the proposal to address concerns from the claimant advocate community this provision would be burdensome on the claimant community.

(27) In conducting a regulatory flexibility analysis, explain whether regulatory methods were considered that will minimize any adverse impact on small businesses (as defined in Section 3 of the Regulatory Review Act, Act 76 of 2012), including:

- a) The establishment of less stringent compliance or reporting requirements for small businesses;
- b) The establishment of less stringent schedules or deadlines for compliance or reporting requirements for small businesses;
- c) The consolidation or simplification of compliance or reporting requirements for small businesses;
- d) The establishment of performance standards for small businesses to replace design or operational standards required in the regulation; and
- e) The exemption of small businesses from all or any part of the requirements contained in the regulation.

This proposed rulemaking will have a significant positive impact on small businesses by increasing the use of remote hearings, thus reducing the adverse impact of small businesses being required to attend UC appeal hearings in person. Small businesses are often faced with the scheduling dilemma of closing or reducing operations in order to appear and present witnesses for an in-person hearing. Therefore, this proposed rulemaking will have a significant benefit to small businesses.

(28) If data is the basis for this regulation, please provide a description of the data, explain in detail how the data was obtained, and how it meets the acceptability standard for empirical, replicable and testable data that is supported by documentation, statistics, reports, studies or research. Please submit data or supporting materials with the regulatory package. If the material exceeds 50 pages, please provide it in a searchable electronic format or provide a list of citations and internet links that, where possible, can be accessed in a searchable format in lieu of the actual material. If other data was considered but not used, please explain why that data was determined not to be acceptable.

Data was not used as the basis for this proposed rulemaking.

(29) Include a schedule for review of the regulation including:

- A. The length of the public comment period: 30 days
- B. The date or dates on which any public meetings or hearings were held: February 24, June 27, June 28, July 6, July 13, July 26, August 2, August 3, August 24, August 29, 2023
- C. The expected date of delivery of the final-form regulation: Unknown at this time.
- D. The expected effective date of the final-form regulation: The amendments will become effective upon publication of final-form rulemaking in the Pennsylvania Bulletin. *
- E. The expected date by which compliance with the final-form regulation will be required: Compliance with the amendments will be required upon publication of final-form rulemaking in the Pennsylvania Bulletin. *
- F. The expected date by which required permits, licenses or other approvals must be obtained: N/A

*All of the provisions in this proposed rulemaking will become effective immediately upon publication of the final-form rulemaking in the PA Bulletin; however, the Board will implement the use of conference calls for parties to initiate entry into a hearing and the enhancement of video remote hearings at a later date after the process and system are developed.

(30) Describe the plan developed for evaluating the continuing effectiveness of the regulations after its implementation.

The effectiveness of the regulations will be monitored in day-to-day operations, including weekly, monthly and other periodic reports. The Board conducts quality appraisals of referee hearings on a quarterly basis and management's review of hearings for quarterly quality appraisals will also be used to evaluate the effectiveness of the regulations.

- Online filing is the most efficient and preferred method of filing an appeal.
- You must file a separate appeal for each determination you wish to appeal. For example, if you were issued a determination that disqualifies benefits and a determination that establishes an overpayment, and wish to appeal both determinations, you must file a separate appeal to each determination, for a total of two appeals.

INFORMATION ABOUT THIS FORM AND THE APPEAL PROCESS

What is the purpose of this form?

This is an appeal form. If you disagree with the UC Service Center determination and decide to appeal, please read your determination and the appeal instructions for information on where to file your appeal. You may file an appeal electronically via your account on the PA UC Claims System. This is the most efficient and preferred method of filing. Simply log on to uc.pa.gov to access your claim and click on Unemployment Services > Appeals > Determinations > File Appeal to begin the process. If you wish to file by fax, email or mail, you may use this form to appeal the enclosed notice of determination. If you file an appeal, a copy of the completed form will be sent to all parties.

Do I qualify to file an appeal?

If you are the claimant, you may appeal if the determination denies UC benefits and you think you should be eligible for benefits. If you are the employer, you may appeal if the determination grants benefits and you think the claimant should be ineligible or eligible for fewer benefits, or if the determination denies your request for relief from charges. You must indicate your reason for filing an appeal.

What do I do if I have questions?

Do not use this form to ask questions about the enclosed determination or UC benefits. This form should be used only to file an appeal. If you have any questions about UC, call the UC Service Center at 1-888-313-7284. If you would like to ask a question before you decide whether to appeal, call promptly because an appeal must be filed no later than 21 calendar days after the date provided on the notice of determination.

What happens if I file an appeal?

After your appeal is received and processed, an Acknowledgement of UC Appeal will be mailed to you as notification that it has been processed.

If an appeal is filed, a UC referee will conduct a hearing where the parties and their witnesses can give testimony under oath. The parties may arrange for witnesses with firsthand knowledge of the facts to participate in the hearing. Firsthand knowledge refers to something which the witness actually saw or heard, as distinguished from something learned from some other person or source. Information learned secondhand might not, depending on the circumstances, be considered at the hearing.

If the hearing concerns the claimant's separation from employment, and the claimant quit his or her job, the claimant will be ineligible for benefits unless the claimant proves that there was a necessitous and compelling reason to voluntarily leave work. If the employer discharged the claimant, the claimant's separation will not be disqualifying unless the employer proves that the claimant was dismissed for willful misconduct or the claimant's unemployment is his or her fault.

At the hearing, the referee will try to obtain testimony about all the facts relevant to the appeal. The referee will issue a decision after the hearing and mail a copy to the parties.

May I have legal representation?

Whether you are the claimant or the employer, you may file your own appeal and represent yourself throughout the appeal process, or you may have an attorney or any other advocate represent you. If you are the claimant and you qualify, free legal assistance may be available from the legal services organization serving your area, your local bar association, or a law school clinic.

Should I file claims while an appeal is pending?

Yes. If the employer appeals a determination granting you benefits, you can receive benefits while the appeal is pending. If you appeal a determination denying benefits and the appeal is decided in your favor, only benefits for weeks that you claimed while the appeal was pending can be paid. Therefore, if you remain partially or fully unemployed while an appeal concerning your eligibility is pending, continue to file claims for benefits. UC claims can be filed by logging in to your account on the PA UC Benefits System website at uc.pa.gov. If you are unable to file, your UC Service Center can assist you by calling 1-888-313-7284.

Representation at the Hearing

You may represent yourself or you may be represented by an attorney or any other advocate of your choice throughout the appeal process.

Although hearings are informal, they involve witnesses, sworn testimony, cross-examination and rebuttals. Whether you are represented or not, the referee endeavors to develop testimony regarding the pertinent facts and conduct a fair and impartial hearing.

Preparing for the Hearing

It is your obligation to establish the facts relating to the appeal. Gather any documents you have that concern the case.

For the parties scheduled to appear at the hearing by telephone, any documents that a party desires to use or refer to during the hearing must be delivered to the referee at least five days in advance of the hearing. Documents not provided in advance may not be used or referred to during the hearing. See Board regulations at 34 Pa. Code §101.130-131.

You may have witnesses testify on your behalf. Be sure to present witnesses who have firsthand knowledge of the events. What a witness learned second-hand with some exceptions may not be used to establish a fact. You must notify your witnesses about the date, time and place of the hearing. Also, you must arrange for them to be available by phone and to provide any relevant documents prior to the hearing. To help ensure that a witness appears or provides documentary evidence, you may submit a written request in advance of the hearing to the referee for a subpoena, as outlined below.

If you wish to use audio or video evidence at the hearing, you must ensure that it is capable of being viewed at the hearing. You should also submit prior to the hearing a portable exact copy of the evidence to be entered into the record.

Do You Need Assistance? — ¿Necesita Asistencia? Póngase inmediatamente en contacto con la oficina de árbitros, llamando al número de teléfono que aparece en éste aviso.

If you require assistance because of a disability with hearing, speech and/or vision or you need an interpreter for your own language other than English, please log on to your portal at <https://benefits.uc.pa.gov> or contact the Referee Office listed on this notice as soon as possible to request assistance so you can satisfactorily participate in the hearing. The Board will provide an appropriate device or qualified interpreter whose credentials are certified for quasi-judicial proceedings, and will cover the costs required to provide this assistance.

Requests may be submitted to the referee for the items listed below. Such requests may be made directly through your <https://benefits.uc.pa.gov> account for immediate delivery. Requests not entered into the website should provide the claimant's name and the appeal number, state the action requested and include specific reasons for the request, and may be mailed, faxed, emailed, or personally delivered to the Referee's Office. **NOTE: If you elect to make a request by email, please be careful to note the exact email address appearing on this notice as you accept the risk for misdirected emails.**

- **Subpoena** —You may request that a subpoena be issued to help ensure the requested presence at the hearing. Include in your written request the exact name and title of the witness and/or the specific document(s) you require, and the reason you are requesting it. The referee will issue a subpoena if appropriate.
- **Continuance of Hearing** —If you cannot attend the hearing for any reason, you may request a continuance (postponement) of the hearing. **You should do this as soon as possible as untimely requests may be denied.** Written requests should include the specific reason for the request. The referee will grant this only for "proper cause" and upon terms that he/she deems proper. If a continuance is granted, notice of the continuance and a new Notice of Hearing will follow.
- **Withdrawal of Appeal** —If you wish to withdraw (discontinue) your appeal, you may request withdrawal. **Only** the party who filed an appeal may withdraw it, with the approval of the referee before whom the appeal is pending. **Requests for withdrawal must be made in writing.**
- **Reopening after Scheduled Hearing** —If you are prevented from attending the scheduled hearing because of a compelling reason, you may request to have the hearing reopened. **Such request must be in writing and be submitted as soon as possible.** You must set forth the specific reasons and circumstances that are alleged to constitute "proper cause" for non-appearance at the scheduled hearing. If the referee receives the request after the decision is mailed to the parties, it will be considered a request for further appeal to the Board.

REGULATIONS GOVERNING TELEPHONE HEARINGS
PA Code, Title 34
Chapter 101
Subchapter E. TELEPHONE HEARINGS

§ 101.127. Purpose and scope.

- a. In-person testimony is normally preferable to testimony by telephone; however, there can be reasons to justify receiving testimony by telephone. This subchapter is promulgated to provide the conditions under which testimony by telephone will be scheduled and received, to safeguard the due process rights of the parties, and to ensure that testimony by telephone is received under uniformly applied rules. Testimony by telephone may be received only if specifically authorized by this subchapter.
- b. When the general rules of this chapter conflict with this subchapter, this subchapter controls.

§ 101.128. Scheduling of telephone testimony.

- a. The tribunal may schedule, on its own motion, testimony by telephone of a party or witness when it appears from the record that the party or witness is located at least 50 miles from the location at which the tribunal will conduct the hearing, without regard to State boundaries.
- b. The tribunal may schedule testimony by telephone of a party or witness, at the request of one or more parties, when one of the following applies:
 1. The parties consent to the receipt of testimony by telephone.
 2. The party or witness is reasonably unable to testify in person due to a compelling employment, transportation, or health reason, or other compelling problem.
- c. Only a party or witness scheduled to testify by telephone, or identified prior to the taking of testimony in accordance with § 101.131(f) (relating to conduct of a telephone hearing), may testify by telephone, and the testimony of each other party or witness shall be received in person.
- d. The tribunal will promptly rule on a request that testimony be taken by telephone after a reasonable attempt has been made to inform the parties of the request, the basis for the request, the regulations under which telephone testimony can be taken, and the right of a party to object. The basis for the request, the position of the parties, if known, and the ruling will be documented on the record.
- e. A party or witness scheduled to testify by telephone will be permitted to testify in person.

§ 101.129. Procedures subsequent to scheduling.

- a. If a party moves to withdraw consent to the receipt of testimony by telephone prior to the taking of testimony, the tribunal will allow the withdrawal if it is found that the consent was not freely and knowingly given.
- b. An objection to the receipt of testimony by telephone shall set forth the reasons in support thereof and shall be promptly communicated to the tribunal, but may not be asserted subsequent to the taking of testimony.
- c. The tribunal will promptly rule on objections to testimony by telephone after a reasonable attempt to obtain the position of the other party. The basis for the objection, the position of the other party, if known, and the ruling will be documented on the record.

§ 101.130. Notice of testimony by telephone and use of documents.

- a. When testimony by telephone is to be taken, the tribunal will mail the notice of hearing to the parties and, if known, to their counsel or authorized agent at least 14 days in advance of the hearing. The hearing notice will indicate:
 1. The date and time of the hearing in prevailing Eastern time.
 2. The names of counsel, authorized agent, parties, and witnesses, if known, who are scheduled to appear or testify by telephone.
 3. The deadline by which the tribunal is to receive documents, if any, from all parties.
 4. The hearing will be tape recorded.
- b. When testimony by telephone is to be taken, the tribunal will send a copy of this subchapter with the notice of hearing. If the tribunal finds that an unrepresented party has not received a copy of this subchapter, a copy will be provided and the hearing will be rescheduled.
- c. A party intending to testify, to offer the testimony of witnesses, or to be represented by telephone, shall, in advance of the beginning of the hearing, supply the tribunal with the name, location and telephone number of the persons who will so appear.
- d. When scheduling a telephone hearing, the tribunal will enclose with the notice of hearing copies of the documents upon which the initial determination was based. These copies will accompany the notices of hearing to all parties, and their counsel or authorized agent, if known.
- e. When any testimony will be given from or with the aid of a document not previously distributed to the parties by the tribunal, the party expecting to introduce the document shall deliver it to the tribunal, and the tribunal shall distribute it to each other party and, if known, counsel or authorized agent before or at the beginning of the testimony. The tribunal may require that the documents be delivered up to 5 days in advance of the hearing. See § 101.131(h) (relating to conduct of a telephone hearing).

§ 101.131. Conduct of a telephone hearing.

- a. Before testimony is received, the tribunal will advise all parties of the right to object to telephone testimony and to request an in-person hearing in compliance with Subchapter B (relating to provisions governing hearings before the department or referee).
- b. A party may pursue an objection to telephone testimony at the hearing and shall set forth reasons in support thereof. If the objection is sustained, the tribunal will reschedule the hearing at a later date, either in person or by telephone, in accordance with Subchapter B or this subchapter. If the objection is not sustained, the tribunal may proceed with the hearing in accordance with this subchapter.
- c. At the start of the hearing, the tribunal will state on the record the time and telephone numbers at which the tribunal initiates the contact with any party, witness, legal counsel or authorized agent who is to testify or appear by telephone.
- d. The proceedings of the hearing will be tape recorded to preserve the record. A person testifying or appearing by telephone will be advised by the tribunal that the proceedings are being tape recorded.

- e. The tribunal will permit parties a reasonable opportunity to question other parties or witnesses testifying by telephone for the purpose of verifying the identity of the parties or witnesses. Falsification of identity may subject the parties or witnesses to prosecution and punishment.
- f. A party or witness not identified to the tribunal and all other parties before the beginning of the testimony will not be permitted to testify by telephone. Testimony taken or given in violation of this subsection will be excluded from consideration.
- g. A person may not prompt or direct the testimony of a witness testifying by telephone. Testimony taken or given in violation of this subsection may be excluded from consideration by the tribunal, with or without an objection from a party.
- h. A document not provided as required by § 101.130(e) (relating to notice of testimony by telephone and use of documents) may not be admitted nor testimony given or taken from it unless consent has been requested from and given by all parties. Testimony taken or given in violation of this subsection will be excluded from consideration, as will the document.
- i. The oath or affirmation administered to parties or witnesses testifying by telephone shall indicate that the parties or witnesses will not testify from documents that are not in the record and that their testimony will not be prompted or directed during the hearing by any other person.

§ 101.132. Representation by telephone.

The counsel or authorized agent of a party may appear at a hearing by telephone, with the approval of the tribunal.

§ 101.133. Data maintenance requirement.

The Board will compile and maintain data on the scheduling and receipt of testimony by telephone.

Notice of Proposed Rulemaking

Title 34 Labor and Industry

Part VI. Unemployment Compensation Board of Review

Chapter 101. General Requirements

DEPARTMENT OF LABOR AND INDUSTRY

34 PA. CODE CH. 101

General Requirements

In accordance with section 203(d) of the Pennsylvania Unemployment Compensation Law (UC Law) (43 P.S. § 763(d)) and section 506 of the Administrative Code of 1929 (71 P.S. § 186), the Unemployment Compensation Board of Review (Board) is submitting this proposed rulemaking for the purpose of updating and modernizing its rules of process and procedures.

The Board proposes the following amendments to Chapter 101 (relating to general requirements), to read as set forth in Annex A.

Statutory Authority

This proposed rulemaking is issued under the authority provided in section 203(d) of the UC Law which authorizes the Board to adopt, amend or rescind rules of procedure related to appeals. Section 506 of the Administrative Code of 1929 provides authority for the promulgation of rules and regulations for departmental administrative boards, stating: “[T]he several departmental administrative boards and commissions, are hereby empowered to prescribe rules and regulations, not inconsistent with law, for the government of their respective departments, boards, or commissions ... [and] the distribution and performance of their business. ...”

Background

The Board is a departmental administrative board under section 203(c) of the UC Law, which provides that it “shall have all the powers and perform all the duties generally vested in, and imposed upon, departmental administrative boards and commissions” by the Administrative Code of 1929. The Board is established under sections 202, 207.1 and 503 of the Administrative Code

of 1929 (71 P.S. §§ 62, 67.1 and 183). The Board voted to adopt the proposed amendments in Annex A on January 17, 2025.

Compliance with Executive Order 1996-1, Regulatory Review and Promulgation

The Board engaged in a comprehensive effort to solicit verbal and written comments from a cross-section of interested stakeholders both before and after preparing a draft of the proposal to amend Chapter 101, as indicated below.

On January 3, 2023, the Board conducted outreach to the 19 members of the State Unemployment Compensation Advisory Council (UC Advisory Council), 10 additional stakeholders balanced among labor and business organizations, and a representative from the disability advocacy community, to provide written comments for the Board to consider during the development of a proposal to amend Chapter 101. Comments were due by February 1, 2023. A written response was received from the following 12 stakeholders.

On February 24, 2023, the Board conducted an in-person roundtable session with Julia Simon-Mishel of Philadelphia Legal Assistance, Sharon Dietrich of Community Legal Services, Geoffrey Moomaw of Interstate Tax Services Inc., and Ed Dunn and Jim Dunn of Dunn Corporation, to facilitate a solution-based discussion from the labor and business perspectives regarding amendments to Chapter 101.

Subsequently, the Board held listening sessions at several locations throughout the state to receive additional comments from labor and business stakeholders regarding amendments to Chapter 101. The Board invited approximately 1,300 stakeholders from: 1) Members of the UC Advisory Council, 2) claimant attorneys and union representatives who attended four or more hearings since June 2021, 3) employer attorneys and tax consultants who attended four or more hearings since June 2021, 4) labor attorneys from list provided by Philadelphia Legal Assistance, and 5) tax consultants identified by the Office of UC Tax Services. The Board conducted the listening sessions from June 2023 to August 2023, as follows:

- Each of the approximately 1,300 stakeholders were sent an email invitation to attend a listening session at one of six locations, Scranton, Allentown, Harrisburg, Erie, Pittsburgh or Philadelphia.
- The Board received responses from 148 stakeholders to register for a listening session.
- Due to the low response for the Erie listening session and additional requests for a virtual session, the Erie stakeholders and other stakeholders who requested a virtual session were invited to a virtual session.

- A total of 58 stakeholders attended at least one listening session, including independent hearing representatives, representatives from Pennsylvania State Education Association, United Steel Workers, Philadelphia Legal Assistance, North Penn Legal Services, Legal Aid of Southeastern PA, Mon Valley Unemployed Committee, Interstate Tax Service, Dunn Corporation, and the PA Senate.
- Following the listening sessions, the Board invited stakeholders to submit written comments via email on or before August 10, 2023.
- The Board received 36 emails providing comments from stakeholders, including the business community and claimant representatives.
- The Board also held virtual listening sessions with internal stakeholders, including union stewards from AFSCME and SEIU 668, a staff attorney from SEIU 668, and senior employees from each UC referee office in the job classifications of UC Appeals Referee, Clerical Supervisor and Clerical Assistant. The Board advised referees and clerical workers to discuss the session with colleagues and to provide any written comments on or before September 5, 2023.
- Two Appeals Referees provided written comments.

The Board also consulted the Department of Labor and Industry's (Department) Office of UC Service Centers and Office of UC Benefits Policy to ensure implementation of the regulation was feasible, and the Department's Bureau of Workers' Compensation regarding hearing practices and procedures.

The Board prepared a proposal to amend Chapter 101, and on January 26, 2024, the Board emailed a courtesy draft of the proposal to 70 stakeholders who attended a listening session or who provided written comments and to AFSCME and SEIU 668 labor union representatives with

an opportunity for written comments due on February 26, 2024. The Department’s legislative director also emailed the courtesy draft to the executive directors of the Labor and Industry Committee of the Senate and to the executive directors of the Labor and Industry Committee of the House of Representatives and provided the same opportunity for comment with a due date of February 26, 2024. The Board received comments on the courtesy draft from the following:

<u>Stakeholder Name</u>	<u>Group or Employer Affiliation</u>
Barney Oursler	Mon Valley Unemployed Committee
Julia Simon-Mishel	Philadelphia Legal Assistance
David Huang	Community Legal Services
Mallory Kennedy	SEIU 668
Alex Halper	PA Chamber of Commerce
Geoff Moomaw	Interstate Tax Service Inc
Gregory Moreland	National Federation of Independent Business
Patricia McCorkel	Hershey Entertainment and Resorts
Michael Simon	Attorney, MDSimon LTD.
Deborah Gearhart	Attorney, Krevsky Bowser Law Firm

The Board reviewed and considered the comments during the process to finalize this proposed rulemaking and revised this proposed rulemaking where appropriate.

Purpose

The purpose of this proposed rulemaking is to make Chapter 101 consistent with statutory amendments passed by the General Assembly in 2011 and 2016, and to better coordinate procedural requirements due to technological changes resulting from the Department’s implementation of the Pennsylvania UC Claims System. Also, the amendments will update

terminology, improve communications, reduce further appeals and remand hearings, address existing and developing technology and codify current procedures. The amendments will respond to the large majority of stakeholders' feedback to ease the circumstances under which a party's request to participate in a hearing by remote means is permissible and allow the tribunal to operate more efficiently by scheduling and conducting hearings by remote means on its own motion in certain situations.

Summary of Proposed Rulemaking

These proposed amendments set forth the rules of practice and procedure and govern proceedings before the unemployment compensation (UC) referees and Board, including the method, content, and time requirements for filing appeals and requests, submission of evidence and access to records, notifications of hearings and decisions, and participation in hearings for first and second level appeals on UC claims.

This proposed rulemaking was prepared to update and clarify the procedures for filing appeals and conducting hearings, update names and terminology, allow for electronic filings and notifications and use of video technology, and ease the circumstances under which remote hearings are permitted. The regulation is proposed to be amended to generally replace the term "telephone" with "remote means" to encompass future technology as well as telephone hearings.

Also, the entire chapter is proposed to be amended to use gender neutral language, to correct typographical errors and to conform the regulations to the *Pennsylvania Code & Bulletin Style Manual*.

The Board proposes to substantively amend the following sections of 34 Pa. Code:

§ 101.2. Definitions

Section 101.2 (relating to definitions) is proposed to be amended to add the definitions of “agency record” and “appeal record” to improve the record upon which UC dispositions are issued and to take into account the functionality of the new UC Claims System; to add the definitions of “remote means,” “telephone” and “video conference” to broaden remote hearings from only telephone communication to include video conference and other comparable two-way telecommunication technology; and to add the definition of “Pennsylvania CareerLink® office” and remove the definitions of “employment office” and “workforce investment office” to update the regulation with current language and eliminate confusion resulting from the use of the outdated terminology.

§ 101.21. Conduct of hearings

The Board proposes to amend § 101.21 (relating to conduct of hearings) to add subsection (d) to require decorum in the tribunal’s hearings.

§ 101.24. Reopening of hearing

Section 101.24(a) (relating to reopening of hearing) is proposed to be amended to allow a party to request a reopening of a hearing record via the Pennsylvania UC Claims System and by email.

The Board also proposes to amend § 101.24(d) to clarify that if the Board fails to rule on a request for reconsideration within the time frame permitted by the General Rules of Administrative Practice and Procedure (GRAPP) and the Pennsylvania Rules of Appellate Procedure, the request will be deemed denied with or without notice to the parties.

§§ 101.31. Subpoenas and 101.32. Distance

Sections 101.31 and 101.32 (relating to subpoenas; and distance) are proposed to be amended to specifically allow witnesses to be scheduled to participate by remote means, including

witnesses for whom a subpoena is issued, and replaces an outdated and unused process to obtain such witness testimony.

§ 101.34. Failure to appear

The Board proposes to amend § 101.34 (relating to failure to appear) to reword the section's title to correlate directly with the substantive provision, which pertains to failure to comply with a subpoena.

§ 101.51. Absence of party

The Board proposes to amend § 101.51 (relating to absence of party) to place the existing language of the section in a new subsection (a) and to amend it to limit the evidence considered in cases where no party appears and no testimony is taken to competent evidence of record, and also to specifically include dismissal as a permissible disposition for appeals in which the appellant does not appear at the hearing.

Additionally, the Board proposes to add subsections (b) and (c) to § 101.51 to clarify that the referee will wait a reasonable amount of time or continue the hearing if a party notifies the referee office of the party's delay in arrival and will leave the record open for 10 minutes after the scheduled start time of hearing if any party has not yet appeared and allow a party to participate in the hearing if the party appears at the hearing before the record is closed.

§ 101.53. Notice

Section 101.53 (relating to notice) is proposed to be amended to allow notice by the referee and Board to be effectuated by mail or electronic transmission based on the party's preferred method of notification designated in the Pennsylvania UC Claims System.

§ 101.54. Records

The Board proposes an additional subsection and the reorganization of § 101.54 (relating to records). Specifically, existing subsection (a) is reserved, and its contents amended and moved to new subsection (a.2). The Board is amending this provision to clarify the period for retention of appeal records to assure the records are retained until 2 years after a decision has become final. The Board also proposes to amend this subsection to prohibit the unofficial recording of hearings and prohibit the broadcasting and taking of photographs or video images of a hearing. A new subsection (a.1) is proposed to be added to allow the UC Service Center records to be self-authenticating for the purpose of admission at a hearing.

Section 101.54(b) is proposed to be amended to clarify that the referee office will provide a copy of the appeal record, including the transcript of testimony, to a party to an appeal upon request via the method of the party's choice, hard copy by mail or soft copy by electronic means. The proposed amendment would further update the regulation to be consistent with section 504 of the UC Law (43 P.S. § 824) on providing records at cost if not used for UC purposes.

In addition, the Board proposes to add subsection (c) to § 101.54 to require a party presenting electronic evidence to be responsible to ensure the evidence is viewable to the tribunal and the opposing party. Proposed subsection (c) would also require the tribunal to schedule an in-person hearing when necessary to allow such electronic evidence to be examined by all parties.

§ 101.55. Withdrawal or discontinuance of appeal

Section 101.55 (relating to withdrawal or discontinuance of appeal) is proposed to be amended to allow the filing of a request for the withdrawal of an appeal via the Pennsylvania UC Claims System, in addition to written requests to the Board or referee office.

§ 101.61. Dismissal if filing of appeal or application for further appeal is late

The Board proposes to amend § 101.61 (relating to dismissal if filing of appeal or application for further appeal is late) to eliminate an outdated and unused process and update the regulation to be consistent with the current process for late appeals from a determination of the Department. The proposed amendments to this section would also increase the time period from 15 to 21 days to respond to the Board's notice and to request a hearing in cases when a party appears to have filed a late appeal from a referee decision to help ensure the party has sufficient time to respond and that the cause of the late appeal is considered by the Board.

§ 101.71. Copies on request

Section 101.71 (relating to copies on request) is proposed to be amended to provide that the referee or Board office will provide a copy of the appeal record, including the transcript of testimony, to a party to an appeal upon request via the method of the party's choice, hard copy by mail or soft copy by electronic means. The proposed amendment further updates the regulation to be consistent with section 504 of the UC Law on providing records at cost if not used for UC purposes.

§ 101.81. Filing of appeal from determination of Department

Section 101.81 (relating to filing of appeal from determination of Department) is proposed to be amended to update the terminology, and to improve and clarify the process to file an appeal. The proposed amendment to § 101.81(b) would add a requirement for the Board to provide instructions on the use of the Pennsylvania UC Claims System to file an appeal and to provide the email address where a written appeal may be filed. The Board is further proposing amendments to § 101.81(c) pertaining to the required contents of an appeal. Specifically, § 101.81(c)(2) is proposed to be amended to remove the requirement for an appeal to contain the claimant's entire social security number and to include the claim number or determination

number. Additionally, § 101.81(c)(5) is proposed to be amended to require the appellant to provide an email address, telephone number or additional contact information which may be used to communicate with the party or in the scheduling of a hearing. Finally, § 101.81(c)(6) is proposed to be added to provide the appellant an opportunity to make a request to participate in a hearing by remote means at the time the appellant files the appeal.

The Board proposes to add § 101.81(c.1) to allow the tribunal to consider an appeal from one determination to be an appeal from all related determinations by which the appellant is aggrieved. The programming of the Pennsylvania UC Claims System requires separate dispositions for each issue of law. This provision allows the tribunal to consider an appeal to one disposition to be an appeal to related dispositions on other issues of law if the appellant is aggrieved by the disposition on those issues and intended to appeal.

Additionally, § 101.81(d) is proposed to be amended to remove the word “form” as appeals may be filed by means other than a “form.”

§ 101.82. Time for filing appeal from determination of Department

The Board proposes to amend § 101.82(a.1) (relating to time for filing appeal from determination of Department) to specify that the tribunal will deliver notices by each parties’ preferred method of notification as designated in the Pennsylvania UC Claims System, including electronic distribution.

Section 101.82(b)(4) is proposed to be amended to allow the Board to designate other electronic transmissions in addition to email as a valid method of appeal and to broaden the determination of the date of filing for an email or other permissible electronic message appeal to include electronic mail or message to a Department email system in addition to the email system of the Department appeal office or Board. The proposed amendment would also specify the

electronic submission must be received by midnight on the last day to appeal which is consistent with the requirement of an appeal by fax transmission.

Section 101.82(b)(4.1)(ii) is proposed to be amended to specify that the evidence to be considered on a late appeal which is alleged to result from a system or technological failure of the Pennsylvania UC Claims System will not be limited to the Department records. The appellant may also submit additional testimony and evidence to be considered by the tribunal in the adjudication of the timeliness of the appeal.

Further, § 101.82(c) is proposed to be amended to require the appeal acknowledgement letter to indicate whether the appellant requested to participate in the hearing by remote means.

§ 101.83. Notification of filing of appeal

The Board proposes to add a new subsection (b) to § 101.83 (relating to notification of filing of appeal) to require the method of delivery of the appeal acknowledgement letter to be the parties' preferred method of communication, including electronic distribution, and to require the notice advise parties how to make a request to participate in a hearing by remote means.

§ 101.84. Jurisdiction of appeal

Section 101.84 (relating to jurisdiction of appeal) is amended to update the regulation to be consistent with current practice in which there are certain circumstances an appeal decision may be prepared by a referee other than the referee who conducted the hearing, and the decision may be based on the record developed by the original referee. Section 101.84(c) is proposed to be added to allow the Board to take jurisdiction of any appeal, consistent with the UC Law, and to require a hearing with written notice to parties if the record is reopened.

§ 101.85. Notice of appeal hearing

Section 101.85 (relating to notice of appeal hearing) is proposed to be amended to improve the advance notice requirements that relate to in-person Board remand hearings. The proposed amendments would increase the advance notice of a hearing from 7 to 10 days and allow less than 10 days' notice of a hearing only if both parties consent to the shorter notice.

§ 101.86. Appeal hearings

The Board proposes to amend § 101.86 (relating to appeal hearings) to enable remote hearings in accordance with Subchapter E and to remove an outdated and unused provision currently in subsection (b).

§ 101.88. Decision on original appeal

Section 101.88 (relating to decision on original appeal) is amended to add “vacate, dismiss and remand” to affirm, modify and deny as permissible dispositions of an appeal and to remove the requirement for a decision to contain the claimant’s social security number. Instead, the proposed amendment would require the claim number as part of the decision.

§ 101.89. Notice of decision

Section 101.89 (relating to notice of decision) is proposed to be amended to require the method of delivery of the tribunal’s decision to be the parties’ preferred method of notification designated in the Pennsylvania UC Claims System, including electronic delivery.

§ 101.91. Post decision changes by the tribunal

The Board also proposes to add § 101.91 (relating to post decision changes by the tribunal) to specifically allow the referee or the Board to amend the referee’s decision on their own motion if the decision has not been appealed and to require a hearing with written notice to parties if the record is reopened.

§ 101.101. Review by Board

Proposed amendments to § 101.101 (relating to review by Board) would allow the Board to transfer or take jurisdiction of an appeal and to require the Board provide notice of the removal or transfer to the parties based on the parties' preferred method of notification designated in the Pennsylvania UC Claims System, including electronic delivery.

§ 101.103. Notification of filing of application for further appeal

The Board proposes amendments to § 101.103 (relating to notification of filing of application for further appeal) to update terminology, to require appeals filed at a Pennsylvania CareerLink® Office to be forwarded to the Department or the Board, and to allow the tribunal to deliver notices by each party's preferred method of notification, including electronic distribution.

§ 101.104. Allowance or disallowance of appeal

A similar amendment is proposed for § 101.104(b) and (c) (relating to allowance or disallowance of appeal) to provide for notice by the Board based on each party's preferred method of notification designated in the Pennsylvania UC Claims System. The Board proposes further amendments to § 101.104(c), to specify that it is the Board who determines all questions as to the admissibility of evidence in the appeal record.

Amendments are proposed to § 101.104(c)(3) and (4) to provide additional circumstances under which a further appeal will be allowed and additional evidence required.

In addition, § 101.104(e) is proposed to be amended to extend the time allowed for submitting written argument to the Board from 7 to 14 days from the date of the request for any further appeal, with or without a remand hearing, and to remove the requirement to provide five copies of the written brief.

§ 101.105. Notice of hearing

Section 101.105 (relating to notice of hearing) is proposed to be retitled and amended to improve the advance notice requirements that relate to in-person Board remand hearings. Specifically, the amendments would increase the advance notice of a remand hearing from 7 to 10 days and allow less notice of a remand hearing only if both parties consent to the shorter notice. This section is also proposed to be amended to clarify that the tribunal will provide specified additional information on a Board remand hearing notice, including whether the hearing will be held in person or by remote means, and the specific issues to be covered at the hearing.

§ 101.106. Scope of review

The Board is proposing an amendment to § 101.106 (relating to scope of review) to add an appeal to the determination of the Department to the provision governing the Board's scope of review consistent with section 504 of the UC Law and § 101.84.

§ 101.107. Issues considered on appeal

Section 101.107(a) and (b) (relating to issues considered on appeal) are proposed to be amended to add "the findings of fact" to clarify that the findings of fact, as found by the tribunal, must be supported by the record. In addition, § 101.107(b) is proposed to be amended to replace "with the approval of the parties" with "notice to" because notice, rather than approval, is the required standard.

§ 101.108. Appeal hearings

The Board proposes to amend § 101.108 (relating to appeal hearings) to require a Board remand hearing to be held at a location or by a means in accordance with the regulatory requirements for other appeal hearings, including remote hearings.

§ 101.109. Decision of Board

Section 101.109 (relating to decisions of Board) is proposed to be amended to codify current practice by adding vacate and remand to affirm, modify and reverse as permissible dispositions of an appeal.

§ 101.110. Notice of decision of Board

The Board proposes to amend § 101.110 (relating to notice of decision of Board) to clarify that the Board will notify parties of the Board's decision based on each party's preferred method of notification designated in the Pennsylvania UC Claims System.

§ 101.111. Reconsideration by Board

Section 101.111 (relating to reconsideration by Board) is proposed to be amended to codify GRAPP on requests for reconsideration of a Board decision. The proposed amendment is intended to clarify that if the Board fails to rule on a request for reconsideration within the time period specified in § 101.24(d) (relating to reopening of hearing), the request is deemed denied regardless of whether notice is provided and that the request for reconsideration by an aggrieved party will not extend the appeal period for the party to file a further appeal to the Commonwealth Court.

§ 101.113. Post decision changes by the Board

The Board proposes to add § 101.113 (relating to post decision changes by the Board) to specifically allow the Board to amend its decision on its own motion if the decision has not been appealed and to require a hearing with written notice to parties if the record is reopened.

Subchapter E

The Board proposes to amend the title of Subchapter E (relating to telephone hearings) to refer instead to remote hearings.

§ 101.127. Purpose and scope

Section 101.127(a) (relating to purpose and scope) is proposed to be amended to remove the statement that an in-person hearing is normally preferable to a telephone hearing and to provide a statement on the Board's intent which is to allow any party to choose whether to attend a hearing in-person or by remote means, with few exceptions. The proposed amendment affirms a party's entitlement to an in-person hearing.

§ 101.128. Scheduling of telephone testimony

Section 101.128(a) (relating to scheduling of telephone testimony) is proposed to be retitled as "scheduling of remote hearings or testimony" and amended to allow the tribunal to schedule remote hearings on its own motion under certain circumstances, such as distance of a party or witness from the hearing location, health and safety concerns, timeliness of the hearing, and due to a disaster or another emergency and in situations where the parties consent to a remote hearing.

The Board further proposes to amend § 101.128(b) to remove the requirement for a party to have a compelling reason to obtain a remote hearing upon request and requires the tribunal to approve a party's request for a remote hearing except where an in-person hearing is required due to the opposing party's objection or other specific circumstances when an in-person hearing is necessary to ensure a fair hearing.

In addition, § 101.128(c) is proposed to be deleted and subsections (d) and (e) are proposed to be amended to provide notice to parties how to object to a hearing which is scheduled to be held by remote means and to allow a party scheduled for a remote hearing to appear in person provided they give timely notice to the tribunal.

The Board proposes to add a new subsection, § 101.128(f), to provide the tribunal with discretion to determine whether to schedule and allow one party to participate by a different

method of remote means than another party or whether to schedule or allow one party to appear in-person while the opposing party participates by remote means.

§ 101.129. Procedures subsequent to scheduling

Section 101.129 (relating to procedures subsequent to scheduling) is proposed to be amended to refer to participation by remote means, instead of by telephone.

§ 101.130. Notice of testimony by telephone and use of documents

A new title and comprehensive amendments are proposed to § 101.130 (relating to notice of testimony by telephone and use of documents), as follows. The Board proposes to rename the section “notice of hearing with testimony by remote means and use of documents.” Section 101.130(a) is proposed to be amended to allow the tribunal to distribute hearing notices and documentary evidence to parties and authorized representatives based on each party’s preferred method of communication in the Pennsylvania UC Claims System, including electronic delivery.

The Board proposes to amend § 101.130(a)(2) to remove the requirement to list witnesses on the hearing notice as witness names are generally not known until the hearing begins and is consistent with the Board's procedure which is to list only the parties, counsel and authorized agents on the hearing notice.

Section 101.130(a)(3) is proposed to be amended to improve the submission and circulation of evidence for remote hearings by clarifying that the Board will provide notice of the method to provide documents or other evidence to the tribunal in addition to the deadline to provide such evidence for a remote hearing.

The Board proposes to add § 101.130(a)(3.1) to require the hearing notice to specify the means by which all parties are scheduled to participate in a remote hearing.

Section 101.130(a)(3.2) is proposed to be added to clarify that the Board will provide instructions for participating in a remote hearing on the notice of hearing and elsewhere such as on the Board's webpage and will provide a method for the parties to obtain assistance if needed for remote participation. The proposed subsection would provide notice to parties on how to object to a hearing which is scheduled to be held by remote means, how to request to participate in an in-person hearing and the method to provide their telephone number or other contact information on the notice of hearing.

The Board proposes to amend § 101.130(a)(4) to update the regulation to allow the hearing to be recorded by means other than "tape" recording, to allow the current method used by the Board which is digital recording.

Section 101.130(b), which requires the tribunal to distribute the regulations governing remote hearings to parties with the hearing notice, is proposed to be amended to allow a hearing to proceed if a party does not receive the regulations with the hearing notice but does receive the regulations prior to the taking of testimony, unless a party objects.

Section 101.130(c) is proposed to be amended to require parties to provide other necessary contact information in addition to the telephone number of persons who will appear at a hearing remotely.

The Board proposes to amend § 101.130(d) to clarify that the tribunal will pre-mark exhibits that are distributed to parties for remote hearings.

Section 101.130(e) retains the tribunal's authority to require documents to be submitted to the tribunal up to 5 days in advance of a remote hearing but is proposed to be amended to allow evidence that is not provided to the tribunal within the required timeframe to be included in the

appeal record if it has been distributed and is viewable to the parties and counsel prior to the taking of testimony from the document.

§ 101.131. Conduct of a telephone hearing

The Board proposes renaming this section “conduct of a hearing by remote means.” The Board also proposes comprehensive amendments to § 101.131. Specifically, § 101.131(a) is proposed to be amended to specify all parties have the right to request an in-person hearing.

Section 101.131(c) is proposed to be amended to remove the requirement for the referee to initiate contact for remote hearings and instead to allow parties to directly access remote hearings via conference call. This provision would also be amended to require the tribunal to fully develop the record with the method the tribunal used to contact or attempted to contact or instructed individuals to participate in a hearing.

The Board also proposes to amend § 101.131(d) to allow the hearing to be recorded by means other than tape recording and allow digital recording which is the current means used by the tribunal.

Subsections (e) and (i) are proposed to be amended to require an identification oath for remote hearings and to allow cross examination to verify or challenge the identity of a party or witness appearing by remote means.

The Board proposes to amend § 101.131(f), which prohibits a party or witness not identified before the beginning of testimony from testifying in remote hearing, to allow such person to testify if the opposing party consents.

Section 101.131(h) is proposed to be amended to clarify that the tribunal will include documentary evidence in the appeal record even if the evidence was not admitted into the record

and append to the record the reason the evidence was not admitted so that it is subject to review on further appeal.

The Board proposes to add § 101.131(j) to provide a process if a party is disconnected from a remote hearing by requiring the referee to attempt to reconnect the party and prohibiting the referee from closing the record until 10 minutes has passed after a party is disconnected. This proposed provision would clarify that the tribunal will state on the record information regarding the tribunal's attempts to connect or reconnect a party or witness to the hearing so that it is subject to review on further appeal.

§ 101.132. Representation by telephone

Finally, the Board proposes to rename and amend § 101.132 (relating to representation by remote means) to allow representation by remote means for a party who is also appearing by remote means and to allow the referee discretion on representation in other situations.

Affected Persons

The persons affected by these proposed amendments include UC claimants and their former employers if either party appeals the UC Service Center's initial determination of eligibility or ineligibility. The number of UC claimants and employers affected will vary based on the rate of unemployment each year. For example, in 2023, a party (either the claimant or the employer) filed an appeal of the initial determination of eligibility or ineligibility in approximately 100,000 claims for UC benefits. Most of these appeals involved businesses, including small businesses, and some involved attorneys, tax consultants, or other representation.

Fiscal Impact

There is no cost to the regulated community as a result of this proposed rulemaking. This proposed rulemaking will have significant positive fiscal impact on UC claimants, employers, legal counsel, and non-attorney representatives involved in the appeal process, as well as on the Board as it administers the appeal process. UC claimants, employers, and their representatives will see a substantial savings in time and travel costs through the increase in participation in appeal hearings by remote means. The tribunal will also see cost savings through the increased use of remote hearings and the reduction of remand hearings. Also, the enhanced communications through electronic delivery of filings and notices will reduce mailing costs for all parties and the Board.

Reporting, Recordkeeping and Paperwork Requirements

This proposed rulemaking will not change, or impose new, reporting, record keeping or paperwork requirements on the regulated community. Existing electronic UC appeal reports may be amended by the Board to acquire data to monitor and report on the usage and effectiveness of the changes to Board's processes and procedures in this proposed rulemaking. No new forms are required; however, this proposed rulemaking will require minor revisions to existing forms and to the Board's website.

Sunset Date

No sunset date is necessary for these amendments. The Department will continue to monitor the impact and effectiveness of the regulations.

Effective Date

These proposed amendments will be effective upon publication of the final-form regulation in the Pennsylvania Bulletin.

Contact Person

Interested persons are invited to submit written comments, suggestions or objections regarding these proposed amendments to Melissa Trambley, UC Appeals System Administrator, preferably by electronic mail to RA-LIUCBR-REGCOMM@pa.gov, or by postal mail to Unemployment Compensation Board of Review, ATTN: Proposed Rulemaking, 651 Boas Street, Room 1114, Harrisburg, PA 17121, within 30 days of publication in the *Pennsylvania Bulletin*.

Regulatory Review

Under section 5(a) of the Regulatory Review Act, 71 P.S. § 745.5(a), on April 16, 2025, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the chairperson of the Labor and Industry Committee of the Senate and to the chairperson of the Labor and Industry Committee of the House of Representatives. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to this proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria in section 5.2 of the Regulatory Review Act (71 PS. § 745.5b) which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the proposed rulemaking, by the Board, the General Assembly and the Governor.

Subchapter B. PROVISIONS GOVERNING HEARINGS

BEFORE THE DEPARTMENT OR REFEREE

HEARINGS

§ 101.21. Conduct of hearings.

(a) In a hearing the tribunal may examine the parties and their witnesses. [Where] **If** a party is not represented by counsel, the tribunal before whom the hearing is being held should advise

[him as to his rights, aid him] the party of their rights, aid the party in examining and cross-examining witnesses, and give [him] the party every assistance compatible with the impartial discharge of its official duties.

(b) The tribunal [shall] will determine the order in which the evidence [shall be] is presented in hearings. Within the discretion of the tribunal, the parties [shall be permitted to] may present evidence and testimony which they believe is necessary to establish their rights.

(c) Hearings under this part [shall] will be open to the public, subject to the availability of suitable and reasonable facilities. However, the tribunal conducting a hearing may close the hearing as to other than interested parties to the extent necessary to protect the interests and rights of the claimant or employer to a fair hearing.

(d) All parties, witnesses, legal counsel, authorized agents and observers present at a hearing shall conduct themselves in a manner consistent with the standards of decorum commonly observed in any court. If such decorum is not observed and an individual engages in violent, disorderly or contemptuous conduct that is disruptive to the proceeding, the tribunal may, after warning the individual, remove the individual from the hearing and deny any further participation in the hearing.

§ 101.22. Consolidated hearings.

When the same or substantially similar evidence is relevant and material to the matters at issue in the petition for appeal concerning claims filed by more than one individual or, in multiple appeals, filed by single individuals or their authorized representatives, the same time and place for considering each appeal and claim may be fixed; hearings thereon jointly conducted; a single record of the proceedings made; and evidence introduced with respect to an appeal or claim

considered as introduced with respect to appeals or claims if, in the judgment of the Board or referee having jurisdiction of the proceeding, such consideration will not be prejudicial to any party.

§ 101.23. Continuance of hearing.

(a) Continuance of a hearing will be granted only for proper cause and upon the terms as the tribunal may consider proper. The inability of a party to attend a hearing because **[he] the party** received less than 7 **[days] days**’ notice will be considered proper cause for continuance of a hearing.

(b) Within the discretion of the tribunal, a continuance will not, however, be granted merely because of the absence of a witness, unless it appears that the testimony and evidence **[he] the witness** could give would be competent and relevant to the issues involved and that the information is essential to a proper determination of the case.

§ 101.24. Reopening of hearing.

(a) If a party who did not attend a scheduled hearing subsequently gives written notice, which is received by the tribunal prior to the release of a decision, and it is determined by the tribunal that **[his] the party’s** failure to attend the hearing was for reasons which constitute “proper cause,” the case **[shall] will** be reopened. Requests for reopening, whether made to the referee or Board, shall be in writing; shall give the reasons believed to constitute “proper cause” for not appearing; and **[they]** shall be **entered into the Pennsylvania UC Claims System, sent by electronic mail (email) to the tribunal at the email address shown on the notice of hearing or** delivered or mailed~~[—preferably]~~ to the tribunal at the address shown on the notice of hearing or to the **[Unemployment Compensation Board of Review, Labor and Industry**

Building, Seventh and Forster Streets, Harrisburg, Pennsylvania 17121, or to the local employment office where the appeal was filed] Department of Labor and Industry, Unemployment Compensation Board of Review, 651 Boas Street, Room 1119, Harrisburg, Pennsylvania 17121.

(b) A request for reopening which is received by the referee before **[his] the** decision has been issued to the parties **[shall] will** be decided by the referee before whom the case is pending. If the request for reopening is allowed, a new hearing **[shall] will** be scheduled with written notice thereof to each of the parties. At a reopened hearing, the opposing party shall be given the opportunity to object to the reopening **[if he so desires]**. If the request for reopening is denied, the referee **[shall] will** append to the record the request, supporting material and the ruling on the request, so that it **[shall be] is** subject to review on further appeal.

(c) A request for reopening the hearing which is not received before the decision was issued, but is received or postmarked on or before the 21st day after the decision of the referee was issued to the parties, **[shall constitute] will be treated as** a request for further appeal to the Board and a reopening of the hearing, and the Board will rule upon the request. If the request for reopening is allowed, the case will be remanded and a new hearing scheduled, with written notice thereof to each of the parties. At a reopened hearing, the opposing party **[shall] will** be given the opportunity to object to the reopening **[if he so desires]**. If the request to have the hearing reopened is denied, the Board will append to the record the request, supporting material and the ruling on the request, so that it **[shall be] is** subject to review in connection with any further appeal to the Commonwealth Court.

(d) If a request for reopening is not received before the decision was issued but is received or postmarked within 15 days after the decision of the Board was issued to the parties, it will be

accepted as a request for reconsideration and a reopening of the hearing **[and the Board will rule upon the request]**. If the request for **reconsideration and** reopening is allowed, **the Board may rule on the record previously made or** the Board **[will] may** vacate its decision and remand the case for further hearing, with written notice thereof to each of the parties. At a reopened hearing, the opposing party **[shall] will** be given the opportunity to object to the reopening **[if he so desires]**. If the request to have the hearing reopened is denied, the Board will append to the record the request, supporting material, and the ruling on the request, so that it **[shall be] is** subject to review in connection with any further appeal to the Commonwealth Court. **If the Board fails to rule on the request for reconsideration within the time frame permitted by the General Rules of Administrative Practice and Procedure at 1 Pa. Code § 35.241 (relating to application for rehearing or reconsideration) and the Pa.R.A.P. 1701(b)(3) (relating to effect of appeal generally), the request will be deemed denied with or without notice to the parties.**

WITNESSES

§ 101.31. Subpoenas.

The issuance of subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda and other records and documents, may be obtained on application to the **[Board, referee, or at any local employment office] Board or referee office.** In no case may a subpoena be issued to require the appearance of a witness before the tribunal unless **[his residence is within 100 miles of the place fixed for his appearance] the witness's residence is within 50 miles of the site of the hearing or the witness is scheduled to appear by remote means.**

§ 101.32. Distance.

When the testimony of a witness whose residence is more than ~~[100]~~ 50 miles from the place of hearing is deemed necessary, the referee ~~[before whom the hearing is being held may submit to the referee whom the witness can more conveniently appear, questions propounded by the parties to the appeal proceeding for the purpose of receiving the testimony of that witness]~~ shall permit the witness to present testimony by remote means subject to the provisions of Subchapter E (relating to remote hearings). [The referee to whom such questions are referred shall schedule a hearing and, if necessary, subpoena before him the witness by whom the questions are to be answered.]

§ 101.33. Expenses.

(a) A witness required by subpoena to attend a hearing before the tribunal ~~[shall be allowed]~~ is entitled to witness fees and mileage at the rate fixed by the Department. The fees and mileage ~~[shall]~~ must be approved by the tribunal before whom the witness was required to appear.

(b) In the hearing of each case, the tribunal ~~[shall]~~ will list the names and addresses of witnesses who appeared at the hearing, together with the witness fee and the mileage allowed each witness. In each case the fees and expenses for witnesses properly subpoenaed ~~[shall]~~ will be included as part of the expense of the appeal proceeding under section 506 of the Unemployment Compensation Law (43 P. S. § 825).

§ 101.34. Failure to ~~[appear]~~comply with a subpoena.

(a) When a person refuses, fails or neglects to comply with a subpoena issued under the Unemployment Compensation Law (43 P. S. § 826), or refuses, fails or neglects to produce books, papers, correspondence, memoranda or other records and documents, a party to the appeal

proceedings may request the Board to petition a Court of Common Pleas having jurisdiction to require the person subpoenaed to appear and give testimony and to produce the books, papers, correspondence, memoranda or other records and documents described in the subpoena.

(b) The request to the Board shall be in writing and shall set forth the facts as to the issuance and service of the subpoena, including a description of the books, papers, correspondence, memoranda or other records and documents as contained in the subpoena, and a statement as to the residence and present whereabouts of the person subpoenaed. The Board will give notice by mail to the person alleged to have refused, failed or neglected to comply with the subpoena, and unless, within 5 days after the mailing of the notice, **[he shows cause why he did not] the person shows cause for failing to** comply, the Board may proceed to compel such compliance as provided in this part.

COUNSEL

§ 101.41. Approval of counsel fees.

(a) Under section 702 of the Unemployment Compensation Law (43 P. S. § 862), an individual claiming compensation in a proceeding before the Board or referee, may be represented by counsel or other authorized agent. Ordinarily, the amount of the fee for the service may be agreed upon between the claimant and counsel or authorized agent. However, if an issue is raised as to the amount of the fee, a petition or other written communication may be filed with the Board setting forth in detail the nature and extent of the services rendered to the claimant, the amount of benefits to which the claimant was potentially entitled at the beginning of the current benefit year, and the amount of compensation obtained by the claimant.

(b) In connection with the consideration of a petition or other written communication that raises an issue as to the amount of the fee for services rendered, the Board will apply the rule that the fee charged or received for the service may not exceed 5% of the amount of benefits to which the claimant was potentially entitled at the beginning of [his] the current benefit year, except that in mass or token appeal proceedings involving multiclaimants, if an issue is raised as to the amount of the fee, the Board reserves within its discretion the right to determine the amount of the fee to be approved, which will depend upon the circumstances prevailing with regard to the particular proceeding.

(c) The Board will make an order upon a petition or other written communication without a hearing. Notice of an order will be served upon both the claimant and counsel or authorized agent. The order will become final 10 days after the mailing of the notice thereof, unless objections to the order are filed. Objections to the order will be disposed of and decided in such manner as the Board may prescribe.

PROCEDURE

§ 101.51. Absence of party.

(a) If a party notified of the date, hour and place of a hearing fails to attend a hearing without proper cause, the hearing may be held in [his] their absence. **If the appellant fails to appear for the hearing, the tribunal may take action it deems appropriate, including dismissal of the appeal.** In the absence of all parties, the decision may be based upon the [pertinent available records] **competent evidence of record or the appeal may be dismissed.** [The tribunal may take such other action as may be deemed appropriate.]

(b) If a party notifies the tribunal prior to the beginning of a hearing that they are delayed, the tribunal will provide the party a reasonable amount of time to arrive or continue the hearing provided the delay or continuance does not prejudice another party.

(c) If a party is absent from a hearing, the tribunal will leave the record open for at least 10 minutes after the time scheduled for the hearing to begin. A party who appears at the hearing before the hearing has ended and before the record is closed by the tribunal, will be permitted to participate.

§ 101.52. Investigations.

(a) [Where] **When**, in the determination of an appeal, the report of an investigation is to be used adversely to the interests of any party, the report, if objected to, may not be introduced as evidence and considered in the disposition of the appeal unless a continued hearing has been held at which the persons who furnished the information contained in the report appeared and the party adversely affected was afforded an opportunity for cross-examination and rebuttal. If the person who furnished the information appears but the party adversely affected fails to appear, the latter shall be deemed to have been afforded a reasonable opportunity for cross-examination and rebuttal.

(b) The tribunal may continue the hearing of an appeal and make an investigation either in person or through an investigator or other designated person when the hearing has failed to produce sufficient evidence to establish adequate findings as to the material facts or where there is reason to doubt the reliability of the evidence submitted, and when efforts to compel the attendance of the party or witness whose evidence is desired have failed. Information obtained in

this manner shall be introduced into the record of evidence only under the same conditions (applicable to other investigations) as prescribed in subsection (a).

§ 101.53. Notice.

Mailing of notices, orders or decisions of a referee, or of the Board to the parties at their last known addresses, or issuance by electronic transmission [**when permitted by law and this chapter, as furnished by the parties to the referee, the Board or the Department**], based on the party's preferred method of notification designated in the Pennsylvania UC Claims System, shall constitute notice of the matters therein contained.

At any time the Board may require the complete record of a case, or a part thereof, to be transcribed and filed with the Board] {Reserved}.

The recording of the hearing need not be transcribed unless a further appeal is

filed. In the event an application for further appeal is filed from the decision of a referee, the recording of the hearing shall be transcribed and transmitted to the Board, together with the appeal record. At any time, the Board may require a recording of a hearing to be transcribed and the appeal record of a case, or a part thereof, to be filed with the Board.

(b) When an interested party or [his representative] the party's counsel or authorized agent requests information from the [file of the Board] appeal record in order to present and maintain the issues at a hearing before a referee or the Board, or in an appeal to the Court, such information (including the hearing transcript, [where] when the record has been transcribed) [shall] will be provided without charge in written or electronic format, whichever the party prefers, or made available at a reasonable time to the party and [his representative, without charge,] the party's counsel or authorized agent for examination and copying at the office of the referee to whom the case was assigned, or at the central office of the Board in Harrisburg, Pennsylvania, whichever is more convenient to the interested party or [his representative for examination, copying and making notations therefrom] their counsel or authorized agent. S. § § 751—882) and for no other proceeding or purpose.] An unabridged transcript and audio recording of the testimony will be made available at cost, if not used for unemployment compensation purposes or a subsequent appeal, to the parties and their attorneys or other representatives upon written request to the Board.

(c) A party who seeks to enter into evidence an audio or video recording, or other electronically stored record, shall be responsible for ensuring that the recording or other electronically stored record is accessible to the tribunal and other parties. The party

offering the record shall provide a copy of the electronic record for admission to the appeal record. If the electronic record provided by a party is not in a format accessible to the tribunal, the tribunal will request the party provide the electronic record in the required format and the party shall provide it in the required format within the time set by the tribunal to allow review if further appeal proceedings occur. The tribunal will schedule an in-person hearing if necessary to allow the review of the contents of the record. If the party offering the record fails to produce the equipment necessary to review the record or if the record is not readable or accessible, the tribunal may exclude the record from consideration.

§ 101.55. Withdrawal or discontinuance of appeal.

A party who has filed an appeal may withdraw and discontinue it with the approval of the tribunal before whom the appeal is pending. If the referee finds that the appeal was not timely filed, the referee will issue a decision only on this issue.

(b) When testimony by **[telephone]** remote means is to be taken, the tribunal will **[send]** distribute a copy of this subchapter with the notice of hearing. If the tribunal finds that an unrepresented party has not received a copy of this subchapter, a copy will be provided **[and the hearing will be rescheduled]** before the taking of testimony and the hearing may proceed unless the party objects.

(c) A party intending to testify, to offer the testimony of witnesses, or to be represented by **[telephone]** remote means, shall, in advance of the beginning of the hearing, supply the tribunal with the name, [location and] telephone number and other necessary contact information of the persons who will so appear.

(d) When scheduling a **[telephone]** hearing by remote means, the tribunal will enclose with the notice of hearing copies of the documents **[upon which the initial determination was based]** in the appeal record. These copies will be pre-marked as exhibits and will accompany the notices of hearing to all parties, and their counsel or authorized agent, if known.

(e) When any testimony will be given from or with the aid of a document not previously distributed to the parties by the tribunal, the party expecting to introduce the document shall deliver it to the tribunal, and the tribunal **[shall]** will distribute it to each other party and, if known, counsel or authorized agent before or at the beginning of the testimony. The tribunal may require that the documents be delivered to the tribunal up to 5 days in advance of the hearing. A document which has been distributed and is viewable to other parties, counsel and authorized agents prior to testimony taken from the aid of the document may be included in the appeal record without regard to the time of delivery. See § 101.131(h) (relating to conduct of a **[telephone]** hearing by remote means).

§ 101.131. Conduct of a [telephone] hearing by remote means.

(a) Before testimony is received, the tribunal will advise all parties of the right to object to [telephone] the taking of testimony by remote means and the right to request an in-person hearing in compliance with Subchapter B (relating to provisions governing hearings before the Department or referee).

(b) A party may pursue an objection to [telephone] the taking of testimony by remote means at the hearing and shall set forth reasons in support thereof. If the objection is sustained, the tribunal will reschedule the hearing at a later date, either in person or by [telephone] remote means, in accordance with Subchapter B or this subchapter. If the objection is not sustained, the tribunal may proceed with the hearing in accordance with this subchapter.

(c) A hearing by remote means may be conducted with the tribunal initiating contact with the parties, counsel, authorized agents and witnesses to participate in the hearing, or with the parties, counsel, authorized agents and witnesses initiating contact with the tribunal to participate in the hearing. At the start of the hearing, the tribunal will state on the record the time [and telephone numbers at which the tribunal initiates the contact with any party, witness, legal counsel or authorized agent who is to testify or appear by telephone] and date, and the means by which the hearing is being conducted. The tribunal will also state on the record the telephone number or other means by which the tribunal initiated contact with the participant, or the conference identification, portal or other information by which the participant was notified to access the hearing scheduled for participation by remote means.

(d) The proceedings of the hearing will be **[tape]** recorded to preserve the record. A person testifying or appearing by **[telephone] remote means** will be advised by the tribunal that the proceedings are being **[tape]** recorded.

(e) The tribunal **will provide for identity confirmation for parties and witnesses, including the sworn affirmation of identity, subject to 18 Pa.C.S. § 4903 (relating to false swearing), for individuals participating by remote means. The tribunal** will permit parties a reasonable opportunity to question other parties or witnesses testifying by **[telephone] remote means** for the purpose of verifying the identity of the parties or witnesses. Falsification of identity may subject the parties or witnesses to prosecution and punishment.

(f) A party or witness not identified to the tribunal and all other parties before the beginning of the testimony will not be permitted to testify by **[telephone] remote means unless the opposing party consents to such testimony**. Testimony taken or given in violation of this subsection will be excluded from consideration.

(g) A person may not prompt or direct the testimony of a witness testifying by **[telephone] remote means**. Testimony taken or given in violation of this subsection may be excluded from consideration by the tribunal, with or without an objection from a party.

(h) A document not provided as required by § 101.130(e) (relating to notice of **hearing with** testimony by **[telephone] remote means** and use of documents) may not be admitted nor testimony given or taken from it unless consent has been requested from and given by all parties. Testimony taken or given in violation of this subsection will be excluded from consideration, as will the document. **The reason any such document was not admitted will be appended to the**

record and any such document will be included in the appeal record so that it is subject to review on further appeal.

(i) The oath or affirmation administered to parties or witnesses testifying by [telephone shall] **remote means must include the identity of the party and** indicate that the parties or witnesses will not testify from **paper or electronic** documents that are not in the record and that their testimony will not be prompted or directed during the hearing by any other person.

(j) If a party or witness fails to connect to a hearing held by remote means, or becomes disconnected from a hearing held by remote means, the tribunal:

(1) Will attempt to connect the party or witness to the hearing at the telephone number provided to the tribunal.

(2) May postpone or continue the hearing, or may proceed with the hearing after making reasonable attempts to connect or reconnect the party or witness to the hearing.

(3) May not conclude the hearing or close the record unless the party or witness has not connected or been reconnected to the hearing for a period of at least 10 minutes.

(4) Will append to the record the method and time of day of each attempt to connect or reconnect a party or witness to the hearing so that it is subject to review on further appeal.

§ 101.132. Representation by [telephone] **remote means.**

The counsel or authorized agent of a party [may appear at a hearing by telephone, with the approval of the tribunal] **who is scheduled to participate in a hearing by remote means may also appear at the hearing by remote means. The counsel or authorized agent of a party**

who is participating at a hearing in person, may appear at the hearing by remote means with the approval of the tribunal.

§ 101.133. Data maintenance requirement.

The Board will compile and maintain data on the scheduling and receipt of testimony by [telephone] remote means.
