We don't need more government, we need much less. I strongly oppose this. This is the United States of America. We can think for ourselves and make decisions for our children. Protect the vulnerable, sure, if they want to be protected. I know many elderly that went on with their normal lives during Covid. You crushed small businesses while keeping bum Tommy Wolf's open. Freak show got to move its mom to a special nursing home. Lockdowns completely unconstitutional, masks completely useless. We will never forget. This document needs to disappear quick.

Thanks,

Luke
