To Whom It May Concern,

I am taking the time to write and voice my opinions on the following:

"Department of Health Regulation #10-242: Communicable and Noncommunicable Diseases, IRRC Number 3490"

I am not for your proposal. It infringes on the constitutional rights of the American people and the freedom I cherish in America. The government is to a servant to the people not it's master.

I cannot sit by and watch the government SERVANTS (because this is your job to the people of these United States) run rampant and not voice what is true and right.

Sincerely,
Anna P.
