To whom it may concern

I am totally against this. We were put thru hell in 2020. I was at the time a medical professional. I wouldn't wish those restrictions and mandatory requirements on anyone. WHY NOW again. It seems this is a power grab! Leave the medical profession and the citizens of this state alone. We can do what is needed on our own. We are adults!

Thank you for your attention to this matter!

Jane Deardorff
