Re: Pennsylvania Department of Health (DOH) submitted [a 502-page document with proposed regulations](#)

Please dismiss this proposal in it's entirety. It is a massive intrusion on our civil liberties!

We don't need bureaucracies creating law!

This is totally unacceptable!

It is the granted authority of our legislature to enact laws for our Commonwealth on our request. Not Gov. Shapiro, and certainly not the "Department of Health"!

It is the responsibility of any government official, or employee, to serve our liberties, not to infringement upon them!

Impeach Gov. Shapiro, and fire any bureaucract that went along
